

# HAPPY FATHER'S DAY!

by Texas Attorney General Greg Abbott

ON FATHER'S DAY, DADS ACROSS TEXAS WILL be celebrated from the Panhandle to the Rio Grande Valley. It is on this special day that dads receive the praise and thanks they deserve year round.

A father's job is an important one and it often is not easy. Parenting requires countless sacrifices, unconditional love and lots of patience. The Child Support Division (CSD) thanks you for doing the right thing by taking care of your children and giving them the love and support they deserve. Last year, the CSD collected \$2.7 billion in child support — and most of the money came from fathers. You are the unsung heroes in your children's lives.

The CSD demonstrates its commitment to fathers by recognizing the important and irreplaceable role they play in their children's lives. Several notable resources that serve Texas fathers include:

The **Paternity Opportunity Program** gives unmarried fathers the opportunity to acknowledge their children's paternity at the time of birth. The Office of the Attorney General (OAG) trains and certifies hospital and birthing center staff to assist parents with the Acknowledgement of Paternity process so that the child will have a legal father right from the start. Last year, POP gave more than

128,000 Texas children a good start in life by helping their fathers establish legal paternity.

**Maps for New Dads: Handbook for Expectant and New Fathers** is a publication designed to help expecting dads transition into fatherhood. Maps covers everything from what to expect on a prenatal visit to making homes "baby safe" — all in a manner designed to reinforce the special role fathers play. Additional resources developed by the OAG include posters recognizing the important role fathers play, a Parenting Two-together Handbook for New Parents and the For Our Children DVD.

**Access and Visitation programs** promote noncustodial parents' access to and visitation with their children, when appropriate, through a variety of shared parenting projects. Awarding grant funding to local organizations is one way the Attorney General's Office can help children whose parents are engaged in custody or visitation disputes, since federal funding to run the child support program cannot be used to handle these issues. The services provided under this grant include early intervention, co-parenting education, mediation and enforcement. The OAG also funds a toll-free assistance hotline and provides a Web-based directory of services available in Texas communities.

The **Parenting and Paternity Awareness (p.a.p.a.) program** is an innovative educational curriculum designed for secondary school students and young adults. The p.a.p.a. program focuses on the "rights, responsibilities and realities of parenting." Key themes in the curriculum focus on the importance of father involvement, the value of paternity establishment, the legal realities of child support, the financial and emotional challenges of single parenting, the benefits of both parents being involved in a child's life, healthy relationship skills and relationship violence prevention.

The **No Kidding: Straight Talk From Teen Parents** project trains and equips young parents to deliver educational curriculum on the realities of being a young parent to students in middle and high school. No Kidding educators use their experiences as teen/young parents to deliver a memorable message about paternity establishment, father involvement, the challenges of parenting and the benefits of postponing parenthood until economically stable and in a marital relationship. The program is implemented through local collaborations of community-based organizations, school districts and the OAG.
