The Honorable Greg Abbott, Governor
The Honorable Dan Patrick, Lieutenant Governor
The Honorable Dade Phelan, Speaker of the House

Crime victims face many challenges in the aftermath of a violent crime, and support is critical to their recovery. Over this past year, victims have been faced with additional challenges beyond the crime. COVID-19 brought on emotional distress and social isolation for many victims. During this time, staff remained committed to the fundamental goal of the Crime Victim Services Division – serving victims and their families.

The Crime Victims' Compensation (CVC) Program used prior investments in technology to maintain communication and provide customer service staying in constant contact with advocates, victims, and their families. Furthermore, my office strengthened how we serve Texas remotely with enhancements to the CVC Web Portal, which included adding the capability for medical providers to apply for reimbursement of sexual assault exam fees.

Overall last year, the CVC program received 40,091 applications and awarded more than $71.4 million in compensation on behalf of victims and their families, an increase of $3.3 million over the previous year. Additionally, the Grants Administration Division awarded close to $34 million in victim services grants to state and local organizations to assist victims.

The Compensation to Victims of Crime Fund (CVCF) has also been challenged by economic conditions directly resulting from COVID-19. CVCF has seen significant revenue loss this past year primarily for court costs since many courts are slower to operate at pre-pandemic levels. The 87th Legislature acknowledged the COVID-19 revenue shortfall by appropriating over $101.5 million into CVCF for the next two years. Of this amount, $54.8 million was appropriated in SB 8, 3rd called session from the Coronavirus State Fiscal Recovery Fund established under the American Rescue Plan. The Legislature's commitment to restoring solvency in CVCF is commendable and should allow for a healthy recovery from COVID-19 revenue loss assuming continued economic recovery and courts operations more robustly in near future. My office is committed to and looks forward to continued dialogue with the Legislature both on the long-term and short-term health of CVCF.

Sincerely,

Ken Paxton

Retrospective of the Crime Victims' Compensation

Program & Fund History

1979 66th Texas Legislature created the Crime Victims' Compensation Program.

SB 21: Effective January 1, 1980, the Texas Crime Victims' Compensation Act established the Compensation to Victims of Crime Fund (CVC Fund) and the Crime Victims' Compensation (CVC) Program to compensate victims of violent crime for their crime- related losses. Revenues for the CVC Fund came from court costs assessed on felonies and certain misdemeanors.

1980 There were insufficient funds available to compensate all CVC applications.

1981 Collected revenues were insufficient to pay CVC applications. A waiting list for payments was established on December 31, 1980. The maximum amount payable per application was $50,000.

1982 Funding for the program was limited. Approved CVC applications on the waiting list were paid as money became available.

1983 68th Legislature:

Reduced maximum amount per application. The waiting list for CVC application payments was abolished.

1984 CVC began the 1984 fiscal year with a $2 million deficit.

1985 69th Legislature:

SB 76: Prohibited compensation for offenders, accomplices, or persons incarcerated at the time of the crime; extended compensation to a victim residing in the same household as the offender except for loss of earnings and support; expanded the definition of victim to include residents of other states if the crime occurred in Texas; provided coverage for victims of federal crimes; and added the definition for personal injury. Victims of Crime Act (VOCA) was signed into federal law on October 12, 1984. Several changes were made to state law to receive federal funding.

HB 560: Extended time for filing a CVC application if victim was "reasonably" prevented from filing because of a physical incapacity resulting from the crime.

SB 76: Extended collection of Class C misdemeanors to include traffic violations, other than violations relating to parking or pedestrians.

The Appropriation Act authorized medical cost containment for medical bills to make sure that all bills were necessary and crime-related. The program began reviewing medical bills under this provision.

1986 The CVC Fund received the first VOCA grant totaling $1.47 million.

1987 70th Legislature:

HB 878: Removed the need for financial stress as a requirement to receive compensation; extended mental health compensation to family members who resided in the same household with a child or a deceased victim; raised maximum compensation for child care; and defined immediate family members.

1988 The CVC Fund balance continues to decline.

1989 71st Legislature:

SB 1133: Placed restrictions on the use of money from the CVC Fund.

1990 After only ten years of the program's existence, the number of CVC applications received had increased from 1,060 in 1980 to 10,273 in 1990.

1991 SB 616: Effective September 1, 1991, administrative authority of the CVC program transferred to the Office of the Attorney General (OAG).

1993 73rd Legislature:

The financial soundness of the fund was jeopardized when requests for victim compensation exceeded the amount of funds received from court costs and fees.

HB 2178: Effective August 30, 1993, increased the dollar amount of court costs deposited into the CVC fund; allowed for parolees to pay monthly fee; allowed money received from gifts, grants, and donations to be deposited into the CVC Fund; and placed restrictions on the use of money from the CVC Fund.

1994 Court fees deposited into the CVC Fund increased more than 90 percent from 1993. After March 15, 1994, compensation was restored to full payment.

1995 74th Legislature:

SB 1049: Ordered payment of health care services according to medical fee guidelines. This resulted in a reduction of the amount paid to service providers for health care services. It also provided that payments accepted by the provider are considered payment in full.

SB 1049: Increased the maximum award for a CVC application for catastrophic injuries from $25,000 to $50,000; added crime scene cleanup reimbursement; added dependent care when the need for care resulted from the crime; added vehicular offenses such as DWI and Criminally Negligent Homicide as compensable crimes; expanded claimant definition to include all immediate family members of a child or a deceased victim; added definition for household member; expanded definition for victim; included mental harm in definition of physical injury; allowed for denial of application when claimant or victim involved in illegal activity; and added reimbursements for property seized as evidence.

1997 75th Legislature:

In 1997, the fund became a constitutionally-dedicated account that can be used only for the purpose of providing victim-related compensation or assistance. Also, in 1997 the legislature amended the Texas Code of Criminal Procedure to authorize the appropriation of monies from the Compensation to Victims of Crime Fund for grants and contracts supporting victim-related services or assistance. That same legislative session the first appropriation from the fund was made for the purpose of providing grants and contracts supporting victim-related services or assistance. The OAG received an appropriation of $1 million from the fund for providing a grant to the statewide organization for the Court Appointed Special Advocates (CASA) Program.

SB 987: Allowed the Legislature to appropriate money from the CVC Fund to state agencies delivering or funding victim- related services; authorized the OAG to use money appropriated from the CVC Fund for grants or contracts supporting victim-related services.

HB 3062: Increased maximum award on a CVC application from $25,000 to $50,000 and the maximum on catastrophic cases from $50,000 to $100,000; added lost wages and travel for participation in the criminal justice process or for medical care; added firefighters and peace officers as eligible victims; removed life insurance and vacation/sick leave benefits as collateral sources; added international terrorism as a compensable crime; allowed eligibility for Texas residents victimized in another country without a compensation program; amended definition of immediate family member; provided for loss of support in cases not involving a deceased victim; and changed filing times and reporting limits for CVC applications.

1999 76th Legislature:

HB 3255: Added $3,800 relocation/rental reimbursement for victims of domestic violence.

2001 77th Legislature:

In 2001, the Legislature added an appropriation from the fund to the OAG for the purpose of providing grants to a broad range of victim-related service organizations. Victim services such as domestic violence shelters, rape crisis centers, hotlines, victim advocacy, and education were made available as a result of these grants.

HB 131: Provided reimbursements to law enforcement agencies for forensic sexual assault exams.

HB 519: Added relocation/rental reimbursement for victims of sexual assault occurring in their residence, and changed the term “domestic violence” to “family violence,” assigning the same meaning of family as found in Texas Family Code Section 71.004.

SB 850: Added Disabled Peace Officer compensation, providing an additional $200,000.

SB 1202: Increased maximum amount payable on a CVC application for catastrophic injuries from $100,000 to $125,000.

2002 Beginning with the 2002-03 biennium, legislative appropriations from the fund began to exceed revenues.

2003 78th Legislature:

HB 1895: Added compensation for bereavement leave.

SB 1015: Added reimbursement for travel to an execution.

2007 80th Legislature:

SB 1580: Requires the Texas Department of Criminal Justice to contract with a private vendor to provide pay telephone services to inmates. The Compensation to Victims of Crime Fund receives the first $10 million in revenue and 50 percent of revenue beyond $10 million.

HB 1751: A $5 fee was placed on patrons of sexually oriented businesses, of which, up to $25 million in revenue per biennium would be transferred into the Sexual Assault Program Fund to be used for awarding grants to sexual assault programs and rape crisis centers across the state.

2008 The Texas Department of Criminal Justice officially entered into a contract to provide telephone services stemming from the passage of SB 1580 in 2007.

2009 81st Legislature:

SB 1377: Authorizes the Attorney General to transfer up to 50 percent of any remaining money in excess of $5 million into the Crime Victims' Compensation Fund to be used for compensation payments.

HB 2626: Provided for adult victims of sexual assault who have not filed a police report to obtain a forensic medical exam. CVC reimburses the Department of Public Safety for the cost of the exam.

SB 808 and HB 2916: Provide for reimbursement of pecuniary loss arising from homicides occurring before January 1, 1980, if the identity of the victim was established by a law enforcement agency on or after January 1, 2009.

2011 The CVC Fund was confronted with the possibility of serious shortfall by 2013 due to declining revenues from court fees, which constitute approximately 86 percent of the fund's state revenue. Facing a $23 billion budget deficit for the 2012-2013 biennium, the state utilized CVC Fund dollars to increase direct appropriations from the fund to specific crime victim services organization and state agencies.

2013 83th Legislature:

SB 8: Added victims of trafficking of persons to the list of eligible participants in the Address Confidentiality Program and made trafficking victims eligible for reimbursement for relocation expenses.

HB 3241: After attorney fees and court costs, the first $10 million awarded to the state in civil racketeering suits related to trafficking of persons is made to the credit of the CVC Fund.

2015 84th Legislature:

HB 10: Victims of trafficking are no longer denied compensation for participating in the criminally injurious conduct giving rise to their application or being involved in illegal behavior at the time of their injuries. Both changes to the law were already part of CVC's internal policies and administrative rules.

HB 1446: Authorizes CVC to reimburse victims of sexual assault for certain costs associated with the initial visit to a hospital following a sexual assault (e.g., emergency medical care, prescription drugs prescribed during the initial visit, transportation to the hospital) even if those victims choose to not report the crime or are otherwise ineligible for CVC. This bill also provides rent and relocation assistance for victims of stalking.

2016 CVC makes administrative rule changes as authorized by the CVC Act to increase the amount of financial assistance a victim of violent crime may receive. This is the first increase for some limits since the 1990s.
The increased limits took effect for violent crimes committed on or after July 15, 2016.

2017 85th Legislature:

SB 843: Provides greater protections for victims by prohibiting the disclosure and use of certain information regarding the Crime Victims' Compensation Act.

HB 1866: Temporarily halts the annual transfer of excess funds from the Compensation to Victims of Crime Auxiliary Fund to the Compensation to Victims of Crime Fund for the 2018-2019 biennium. The transfer will resume beginning September 1, 2019.

SB 4: A local entity or campus police department which prohibits or materially limits the enforcement of immigration laws is subject to a civil penalty. Civil penalties collected are deposited into the Crime Victim's Compensation Fund.

HB 29: Amended the definition of "pecuniary loss" in Art. 56.32(a), Code of Criminal Procedure, to include specialized care for child victims. This change allows reimbursement for certain costs related to specialized treatment facilities for child victims that would not otherwise qualify as child care under the CVCA.

2018 CVC launched a new portal within the agency's official website that enables crime victims, claimants and their advocates to submit applications, upload crime-related bills and follow each step of the claim and bill review process with near real-time updates.

2019 86th Legislature:

HB 616: Changed the way costs for the forensic portion of sexual assault exams are reimbursed. Prior to 9/1/19, these costs were paid by law enforcement and reimbursed to law enforcement by CVC. After 8/31/19, costs are reimbursed directly to the medical facilities by CVC.

HB 2079: Allows for the relocation of children who are victims of a murder attempt in their residence for crimes dated after 8/31/19.

2020 CVC launched new capabilities within its existing online portal that allows medical providers to submit applications and review payment status of reimbursement requests for the forensic costs of sexual assault exams conducted after 8/31/19 to meet requirements of HB 616.

2021 87th Legislature:

HB 1172: Law Enforcement shall request sexual assault exam if assault reported within 120 hours

HB 2462 and HB 2706, passed during the 87th Legislature, made changes regarding sexual assault exams and the reimbursement process. These changes impact medical professionals and law enforcement agencies. These changes were effective September 1, 2021.

HB 2462: Law Enforcement shall request sexual assault exam for minor no matter when assault is reported

HB 2706: Sexual Assault Forensic Exam – ready programs are eligible for sexual assault exam reimbursement

SB 957: OAG may not deny or reduce award based on interactions with law enforcement at crime scene or hospital unless the OAG finds that the claimant or victim interactions at the crime scene or hospital failed or refused to substantially cooperate with the law enforcement agency

HB 2301: Address Confidentiality Program (ACP) participant name changes

Crime Victims' Compensation
Revenue Sources

The Crime Victims' Compensation (CVC) Program is supported through a legislative appropriation from the Compensation to Victims of Crime Fund (the Fund). The passage of the Crime Victims' Compensation Act in 1979 reflected the Legislature's intent for the Fund -- to assist innocent victims of violent crime and to encourage greater public cooperation in the investigation and prosecution of criminals. The Fund represents public policy at its best: revenue for the Fund is collected from offenders through criminal court costs, fees and fines, while victims of violence are assisted with expenses related to the crime.

In **FY2021**, the Fund received revenue from the following sources:

State Court Costs $40,584,906.38
CVC received 24.6704 percent of all consolidated courts costs submitted to the comptroller by local governmental entities for felony and misdemeanor convictions. The calculated amount of court costs received is by type of conviction (TX. Local Government Code, Section 133.102(a) & (e)):

- **Felony Conviction = $45.64**
- **Class A or Class B Misdemeanor Conviction = $36.27**
- **Class C Misdemeanor Conviction = $15.30**

Federal VOCA Grant $29,879,883.46
The federal Victims of Crime Act (VOCA) allows the collection of fines, fees and forfeitures for federal convictions. Passed in 1984, VOCA has awarded grants to the Texas CVC since 1986. These grants are based on a formula that gives each state an amount equal to 60 percent of the state funds paid to victims by the CVC program two years prior. (Title 42 U.S.C. 10602) Grants beginning in federal FY 2021 will change to 75 percent of the state funds paid to victims by the CVC program two years prior with the passage of federal legislation, the VOCA Fix to Sustain the Crime Victims Fund Act of 2021.

Restitution $844,754.85
Offenders may be ordered to reimburse the fund for compensation payments made on behalf of those they have victimized. CVC staff provides local prosecutors with information on the amount of money that has been paid so that reimbursement to the Fund can be included in restitution orders.

Parolee Supervision Fee $4,655,251.48
Offenders on parole for crimes that occurred after September 1, 1993, pay $8 per month to the Fund. The state's parole officers are to be commended for their efforts to collect these fees from parolees. (Texas Government Code Section 508.182(a) & (e)(2))

Offender Inmate Telephone Revenue $13,248,203.42
The Texas Department of Criminal Justice (TDCJ) Offender Telephone System allows eligible offenders to make paid telephone calls to family and friends. Offenders with major disciplinary problems, gang affiliations, or on death row will not have access to the telephone system. By statute, TDCJ shall transfer 50 percent of all commissions paid by the vendor to the fund, with the first $10 million collected each year to be credited to the fund. (Texas Government Code Section 495.027(c)).

Donations $41,640.58
Jurors are provided information about the Fund and are offered the option to donate their daily reimbursement to the Fund. (Texas Government Code Section 61.003(a)(1))

Subrogation $201,467.01
By statute, the Attorney General must ask that the victim or claimant reimburse the Fund for the amount paid on behalf of the victim, up to the amount of the civil award when a crime victim is awarded money in a civil suit. (Texas Code of Criminal Procedure Article 56.51).

Crime Victims' Compensation
Program Overview

The Crime Victims' Compensation (CVC) Program is administered by the Office of the Attorney General (OAG) and provides victims of violent crime financial assistance for certain crime-related expenses. CVC staff work with victims and claimants to coordinate available resources to minimize the "out of pocket" expenses incurred as the result of the crime.

Program Eligibility

- The crime must occur in Texas to a U.S. resident; or the victim is a Texas resident and the crime occurred in a country that does not offer crime victims' compensation.
- The crime must be reported to an appropriate law enforcement agency. This requirement does not apply if the victim is only seeking Emergency Medical Care Compensation.
- The victim or claimant must cooperate with the law enforcement investigation. This requirement does not apply if the victim is only seeking Emergency Medical Care Compensation.
- The victim or claimant must apply within three (3) years from the date of the crime unless good cause is shown e.g., age of the victim, mental or physical capacity of the victim, etc.
- A victim or claimant is:
  - Someone who was injured or died because of the crime or while aiding a crime victim
  - A first responder who was injured or died while responding to the crime
  - A person who assumes legal responsibilities or pays crime-related bills
  - Someone authorized to act on behalf of a victim such as a parent or guardian
  - A dependent of a deceased victim
  - An immediate family or household member who require mental health care because of the crime
- A victim or claimant must not have:
  - Participated in the crime
  - Committed illegal activity at the time of the crime. This requirement does not apply to a person who seeks compensation if the illegal activity the person engaged in was the result of human trafficking.
  - Shared responsibility for the crime due to behavior
  - Given false information to the program
  - Been incarcerated at the time of the crime

Covered Crimes

Crimes or attempted crimes that caused physical or mental injury or death are covered such as:

- Assault
- Family Violence
- Kidnapping
- Child Abuse
- Hit and Run
- Robbery
- Child Sexual Assault
- Homicide
- Sexual Assault
- DWI
- Human Trafficking
- Stalking
- Elder Abuse

Identity theft and property crimes are not covered.

Compensation Limits & Collateral Sources

Total compensation is limited to $50,000. Crime victims who suffer total and permanent disability because of a crime may qualify for additional compensation of up to $75,000 to be used for specific and limited expenses, such as prosthetics, rehabilitation, or accessibility renovations. Compensation may be limited or unavailable based on laws in effect at the time of the crime.

CVC is the last source of payment by law. All other collateral sources must pay before any payment by the program. A collateral source is any other readily available resource that can be used to cover crime-related costs. Examples of collateral sources are:

- Medical Insurance
- Dental Insurance
- Medicare/Medicaid
- Vehicle Insurance
- Homeowners/Renters Insurance
- Workers' Compensation
- Settlements

Additional information about each cost, including specific limits, can be found in the Covered Crime-related Costs section on the CVC webpage.

Applying for Compensation

The CVC Portal, within the agency's official website, enables victims and claimants to apply online for Crime Victims' Compensation and Emergency Medical Care Compensation for sexual assault exams. The portal allows crime victims, claimants, and their advocates to submit applications, upload crime-related bills and follow each step of the claim and bill review process with near real-time updates.

English and Spanish applications can also be downloaded from the OAG website, www.texasattorneygeneral.gov, or obtained directly from CVC.

Additionally, every law enforcement agency and prosecutor's office in Texas is required by statute to provide victims of crime with information about CVC. Applications are also available at hospitals and nonprofit agencies that work with crime victims.

Application Assistance

CVC Program staff is available to assist victims and their families in accessing information about the program and the application process.

The total number of applications approved, reviewed or denied may not equal the number of applications received. For example, claims received in the latter part of August 2021 may not be reviewed or approved until September 2021 (the first month of fiscal year 2022) and would therefore be included in next year's report. The same explanation applies to award payments, which in some cases may extend over several years.

Crime Victims' Compensation

Activity Summary by County

The tables on the following pages show Crime Victims' Compensation activity by county. The total number of applications approved and denied may not equal the number of applications received because some applications received in prior years were approved or denied this year. Similarly, some applications received near the end of the year will be determined in Fiscal Year 2022.

RECEIVED - the number of applications received from victims for crimes occurring in the county

APPROVED - the number of applications from victims ruled to be eligible for an award

DENIED - the number of applications from victims denied for cause (for example, crime cannot be substantiated, losses not covered by statute, lack of cooperation with law enforcement)

VICTIM PAYMENTS - the amount of Crime Victims' Compensation paid to applicants who were victimized in Texas counties

SAE RECEIVED - the number of sexual assault exam reimbursement requests received from law enforcement agencies and health care providers

SAE PAYMENTS - the amount reimbursed to law enforcement agencies and health care providers for sexual assault exam expenses

CONTRIBUTED - the amount of court costs and fees collected and paid by the county into the Compensation to Victims of Crime Fund (totals provided by the Texas Comptroller of Public Accounts)

TOTAL PAID - the total amount of the Crime Victim's Compensation paid to victims, claimants and law enforcement agencies in FY 2021.

Grants Overview

In cooperation with the Texas Legislature, the Office of the Attorney General (OAG) provides vital support to crime victims throughout the state by awarding grants to hundreds of local and statewide victim assistance programs. Working in partnership with law enforcement agencies, prosecutors' offices, state agencies and local and statewide nonprofit organizations, the OAG continues to focus on minimizing the physical and emotional trauma experienced by children and adults who are victims of crime. Through these grant awards, the OAG demonstrates a commitment to cultivating an environment where the needs of crime victims are expediently identified and effectively met in communities of varying size.

The Texas Code of Criminal Procedure, Article 56B.460, authorizes the OAG to use monies appropriated from the Compensation to Victims of Crime Fund for grants supporting victim-related services or assistance. The OAG administers the following seven victim assistance grant programs as authorized by the Legislature:

- Other Victim Assistance Grants (OVAG)
- Victim Coordinator and Liaison Grants (VCLG)
- Sexual Assault Prevention and Crisis Services Program (SAPCS)
- Statewide Automated Victim Notification System (SAVNS)
- Domestic Violence High Risk Teams Grants Program (DVHRT)
- Crime Victim Civil Legal Services Grants (CVCLS)
- Sexual Assault Services Program Grant (SASPG)

In Fiscal Year (FY) 2021, the OAG awarded $33,892,995.71 to organizations that provide essential victim services in the state of Texas. In addition, the OAG utilized a total of $1,228,224.00 (3.6%) in administrative costs for the oversight and administration of funds appropriated in the Victims Assistance Strategy. These direct and indirect administrative costs include salaries, travel and operating expenses.

Audit & Oversight Activities

All programs are carefully monitored to ensure the effective use of dollars awarded to the local and statewide programs. The OAG performs one or more monitoring procedures for all grantees in order to achieve 100 percent audit and oversight compliance. These procedures include: reviewing and analyzing monthly invoices, financial status reports, annual or single audits, quarterly performance reports, and other equally stringent monitoring and oversight activities as prescribed in the contracts with those entities. Additionally, the OAG conducts desk reviews and virtual monitoring reviews and provides technical assistance via telephone, email and live virtual platforms.

Other Victim Assistance Grants
OVAG

Purpose
The Other Victim Assistance Grants (OVAG) program supports services that address the unmet needs of victims of crime.

Guidelines For Selection
The OVAG program rules and regulations are set forth in the Texas Administrative Code, Title 1, Part 3, Chapter 60. The OAG awards OVAG funds through a competitive application process. Eligible applicants must be a governmental entity or maintain legal status as a 501(c)(3) nonprofit organization. To be considered for funding, applicants must demonstrate within their grant applications an ability and willingness to effectively provide victim-related services which include:

- Providing direct victim services;
- Providing outreach or community education;
- Connecting crime victims to services to aid in their recovery;
- Training professionals and volunteers to improve their services to victims; or
- Providing other administrative functions related to victim services.

FY 2021 was the second year of a two-year grant application cycle. Applications were carefully evaluated and scored by a team of OAG evaluators. Scoring results were based on information and documentation provided by the applicants, including a description of project activities, project objectives and outcomes, and proposed project budgets.

Awards
For FY 2021, the OAG awarded 211 OVAG grants totaling $9,916,534.00. These grants were awarded to a variety of nonprofit organizations and government entities committed to providing crime victim services throughout Texas.

Summary of Reports & Effectiveness
OVAG funded programs served 301,949 victims of crime during FY 2021. Of these victims, 67,234 received crisis intervention, 62,786 received individual counseling, 297,206 received legal assistance and 108,199 received follow-up services. Additionally, 56,210 victims received assistance with applying for Crime Victims' Compensation, and 234,420 victims received information about victim rights and available community resources.

Victim Coordinator & Liaison Grants
VCLG

Purpose
The Victim Coordinator and Liaison Grants (VCLG) program supports statutorily required Victim Assistance Coordinator and Crime Victim Liaison positions for local law enforcement agencies and prosecutors' offices, as described in the Texas Code of Criminal Procedure, Articles 56A.201, 56A.202, 56A.203, and 56A.204. The positions funded by these programs provide direct services to victims of crime, assisting them with crime victims' compensation applications and other statutory rights.

Guidelines For Selection
The VCLG program rules and regulations are set forth in the Texas Administrative Code, Title 1, Part 3, Chapter 60. The OAG awards VCLG funds through a competitive application process. FY 2021 was the second year of a two-year grant application cycle. Applications were carefully evaluated and scored by a team of OAG evaluators. Scoring results were based on information and documentation provided by the applicants, including a description of project activities, project objectives and outcomes, and proposed project budgets.

Awards
For FY 2021, the OAG awarded 56 VCLG grants totaling $2,312,850.00. These grants were awarded to:
- 39 prosecutors' offices
- 13 police departments
- 4 sheriffs' offices

Summary of Reports & Effectiveness
VCLG funded programs served 52,679 victims of crime in FY 2021. Of these victims, 10,255 received assistance with applying for Crime Victims' Compensation and 6,386 received help with completion of victim impact statements. Additionally, 20,330 victims received advocacy services, and 34,994 victims received information about victim rights and community resources.

Sexual Assault Prevention & Crisis Services Grants
SAPCS

Purpose
The Sexual Assault Prevention and Crisis Services (SAPCS) grant program supports local and statewide programs that are addressing the problem of sexual assault through direct services, training, education and prevention with SAPCS-State and SAPCS-PHHS Block grants and primary prevention efforts with SAPCS-Federal grants.

Guidelines for Selection
The SAPCS program rules and regulations are set forth in the Texas Administrative Code, Title 1, Part 3, Chapter 62. The OAG awards SAPCS funds through a competitive application process. To be eligible to receive SAPCS funding, local programs must generally be 501(c)(3) nonprofit organizations or governmental entities that offer the required basic services for at least nine months prior to receiving an award. These basic services include the following:

- 24-hour crisis hotline;
- Crisis intervention;
- Public education;
- Advocacy and accompaniment to hospitals, law enforcement offices, prosecutors' offices and courts; and
- Activities related to the prevention of Sexual Violence.

To be eligible for special project funding, a statewide program must show it supports efforts to maintain or expand existing services offered by local sexual assault programs; improves services to survivors; or conducts other activities consistent with Texas Government Code, Chapter 420.

Fiscal Year (FY) 2021 was the second year of a two-year grant application cycle. Applications were carefully evaluated and scored by a team of OAG evaluators. Scoring results were based on information and documentation provided by the applicants, including a description of project activities, project objectives and outcomes and proposed project budgets.

Awards
SAPCS-State:
In FY 2021, the OAG awarded 76 grants totaling $11,895,919 to sexual assault programs across the state for direct victim services and prevention of sexual violence. The 86th Texas Legislature reallocated funding historically awarded to the State Sexual Assault Coalition from the Sexual Assault Prevention and Crisis Services-State grants to the Sexual Assault Services Program Grant (see Sexual Assault Services Program Grant page of this report).

SAPCS-PHHS Block:
In FY 2021, the OAG awarded grants to 11 entities totaling $562,230.
- 10 grants were awarded to local sexual assault programs across the state for direct victim services and prevention of sexual violence; and
- 1 grant was awarded to a statewide coalition to provide training and technical assistance to local sexual assault programs as well as prevention of sexual violence.

SAPCS-Federal:
In FY 2021, the OAG awarded grants to 19 entities totaling $2,210,000.
- 18 grants were awarded to local sexual assault programs across the state to conduct sexual assault primary prevention activities; and
- 1 grant was awarded to a statewide coalition to provide training and technical assistance to local sexual assault programs, as well as other local and statewide organizations and to support a statewide curriculum development project and evaluation component.

Summary of Reports & Effectiveness
During the time period of September 1, 2020-August 31, 2021, sexual assault programs reported providing services to 40,379 sexual assault survivors.

- 12% percent were male, 85% percent were female and for 3% percent the gender was unknown; and
- 71% percent were adults, 23% percent were children and for 6% percent the age was unknown.

These programs also reported presenting 5,811 education and training sessions to 113,515 community members, students and professionals.

Texas Statewide Automated Victim Notification System
SAVNS

Texas SAVNS covers 93 percent of the state's population and 94 percent of the reported violent crime in Texas.

Purpose
The Texas Constitution affords victims of crime the right to be notified, upon request, of an offender's release from incarceration and of upcoming court proceedings. This requested notification is facilitated by the Statewide Automated Victim Notification System (SAVNS). The Texas Legislature allocated resources to the OAG to facilitate the implementation and maintenance of the statewide system. The OAG certified the vendor to work directly with those Texas counties electing to participate in the Texas SAVNS program. In 2020, the Texas Department of Criminal Justice (TDCJ), elected to work with another vendor for their victim notification program and no longer participates in the Texas SAVNS program provided by the OAG.

Texas SAVNS
Texas SAVNS provides victims and concerned members of the community with up-to-date information about offenders' county and state jail custody and court status, 24 hours a day, seven days a week, 365 days a year. This information is provided through a single statewide toll-free telephone number: (877) TX4-VINE [(877) 894-8463] or through the VINE (Certified Vendor's system) website at www.vinelink.com.

Registered users are contacted by phone or email whenever there is a change in an offender's status. The users may also check on an offender's status at any time by phone, through the website or mobile app. Trained operators are available at all times to assist if needed. In FY 2021, Texas SAVNS received 121,938 incoming calls, made 21,969 confirmed notification calls, made 137,323 notifications via text, made 89,224 notifications via e-mail, made and registered 123,177 new victims for notification.

The VINELink Site received 1,709,273 site searches, and the VINE MobilePatrol Public Safety App received 1,185,515 site searches during FY 2021. These searches are not necessarily by registered users, but by interested parties. During FY 2021, 117,224 callers utilized the 877-TX4-VINE toll-free telephone number to obtain information.

Awards
In FY 2021, the OAG awarded 149 SAVNS grant contracts totaling $2,670,994.71. At the end of FY 2021, 148 counties, plus the El Paso County Community Supervision and Corrections Department were participating in this voluntary program.

Contract Management
To assure the certified vendor and the counties are functioning within the requirements of the program, the OAG conducts regular assessments to verify compliance with standards and protocols. Oversight activities include technical assistance via phone, email and virtually.

Domestic Violence High Risk Teams Grant Program
DVHRT

Purpose
The purpose of the Domestic Violence High Risk Teams (DVHRT) grant program is to develop and support multidisciplinary teams that coordinate efforts to increase the safety of victims of family violence, as that term is defined by Section 71.004, Family Code, by monitoring and containing perpetrators while providing victim services. The team may be composed of law enforcement officers, prosecutors, community supervision and corrections departments, victim advocates, nonprofit organizations that provide services or shelter to victims of family violence, and medical personnel. The team members work together to share information and communicate to provide the best possible responses to victims at high risk.

Guidelines for Selection
The 84th Texas Legislature, through House Bill No. 3327, directs the OAG to award grants to domestic violence high risk teams in communities across the state. The attorney general is given the authority to request proposals for the award of grants under this section. The attorney general shall evaluate the proposals and award grants based on the need for domestic violence services in the community in which the team is located and the effectiveness or potential effectiveness of the team. The purpose of the grant is to:

- Identify and contract with sites in local communities that have the capacity to implement best practice models for high risk teams or expand existing Domestic Violence High Risk Teams;
- Evaluate funded site results;
- Identify best practice models that may be implemented in other communities;
- Provide technical assistance to communities interested in implementing domestic violence high risk teams; and
- Make recommendations to improve the implementation and/or the expansion of DVHRTs in Texas.

Awards
In Fiscal Year (FY) 2021, the OAG awarded one grant to the Texas Council on Family Violence, Incorporated (TCFV) for $300,000. TCFV sub-awarded $266,500 to one local district attorney's office, and five local nonprofit organizations to develop Domestic Violence High Risk Teams in their communities. The balance of the award was utilized by the TCFV, Incorporated to provide oversight and to support the local programs.

FY 2021 was the second year of a two-year grant application cycle. Applications were carefully evaluated by a team of OAG evaluators. Evaluation results were based on information and documentation provided by the applicants, including a description of project activities, project objectives and outcomes and proposed project budgets.

Summary of Reports & Effectiveness
In FY 2021, TCFV funded six sites and provided the following to the funded sites:

- Training on identifying and coordinating local resources to enhance victim safety and maximize responses from the team members for cases that were deemed "high risk."
- Information about best practices and assistance in working with other partners in their communities to develop stronger coordinated community responses to domestic violence.
- Information about existing DVHRT models, assessment tools and training on team dynamics, developing effective memorandums of understanding, and other concepts that enabled DVHRT teams to think comprehensively about the barriers among members and/or lapses in services in their communities by providing the best approach to improve communication between team members and address unmet needs in their family violence response plans.
- Technical Support to sites upon request.

Crime Victim Civil Legal Services Grants
CVCLS

Purpose
The Crime Victim Civil Legal Services (CVCLS) grants program was authorized by the Texas Legislature to increase the availability of free or affordable civil legal services for victims of crime, such as protective orders, disability benefits and other legal assistance.

Guidelines for Selection
The Office of the Attorney General (OAG) entered into an interagency contract with the Supreme Court of Texas (Court) to support the CVCLS grants. The Court contracts with the Texas Access to Justice Foundation (TAJF) to award and manage these grant funds. The requirements for selecting recipient programs are set forth in the Order of the Court establishing TAJF as the CVCLS administrator. To be eligible to apply for these funds, a program must:

- Have a 501(c)(3) nonprofit organization status;
- Provide victim-related civil legal services to victims, immediate family members of victims or claimants;
- Provide services based on meeting certain income eligibility requirements;
- Maintain open records;
- Conduct open meetings; and
- Comply with other policies adopted by the Court and TAJF.

TAJF awards these funds to eligible local programs through a competitive grant application process. TAJF staff carefully evaluates applicants on their history with TAJF, including compliance and on-site evaluations, and submits program selection recommendations to the TAJF board of Directors. The board reviews these recommendations and considers such factors as ability to provide proposed services, underserved populations or areas of the state and the potential for duplication of services. New applicants provide oral presentations to the TAJF Board of Directors on their organization and proposed services.

Awards
For FY 2021, the OAG awarded one contract to the Supreme Court of Texas for $2,500,000. TAJF, which administers this program for the Court, sub-awarded $2,447,500 to 16 local crime victim civil legal services programs in Texas. The balance of the award was utilized by TAJF to provide oversight and to support the local civil legal services programs.

Summary of Reports & Effectiveness
For FY 2021, local and statewide programs served 15,292 victims of crime in 176 counties. These funds have continued to cultivate a collaborative environment for the network of legal aid providers and the victim services agencies. Programs also address the problem of human trafficking and the extremely diverse services necessary to assist these victims.

Audit & Oversight Activities
To ensure accountability for these funds, the following audit and oversight activities were utilized:

- OAG staff reviewed financial and programmatic reports submitted on a quarterly basis by the Court. These reports encompass the financial expenditures and performance of all local programs funded through this contract;
- OAG staff reviewed and approved the original budget and revisions;
- OAG staff reviewed the annual or single audit; and

Sexual Assault Services Program Grant
SASPG

Purpose
The purpose of the Sexual Assault Services Program Grant is to provide program development and legal training to local sexual assault programs, including standardizing the quality of services provided, preventing sexual assault, and improving services to survivors and other individuals affected by sexual violence. The grant also provides statewide training for local programs, professionals and other victim service groups.

Guidelines for Selection
The Texas Legislature directs the OAG to contract with a statewide organization that has expertise in understanding the dynamics of sexual assault, developing informational materials and providing training for sexual assault programs and community professional groups. The attorney general is given the authority to request proposals for the award of grants under this section. The attorney general shall evaluate the proposals and award grants based on the need for prevention services in the community. The purpose of the grant is to:

- Standardize the quality of services provided
- Preventing sexual assault; and
- Improving services to survivors and other individuals affected by sexual violence

Awards
In Fiscal Year (FY) 2021, the OAG awarded one grant to the Texas Association Against Sexual Assault, Inc. (TAASA) for $1,524,468.00. The 86th Texas Legislature reallocated funding historically awarded to the State Sexual Assault Coalition from the Sexual Assault Prevention and Crisis Services-State grants to the Sexual Assault Services Program Grant. This reallocation accounts for the increased award amount from the previous biennium.

FY 2021 was the second year of a two-year grant application cycle. Applications were carefully evaluated by a team of OAG evaluators. Evaluation results were based on information and documentation provided by the applicants, including a description of project activities, project objectives and outcomes and proposed project budgets.

Summary of Reports & Effectiveness
For FY 2021, TAASA provided 570 training sessions to local sexual assault programs that included 1440 participants. Other activities and education materials provided by TAASA include the following:

- Distributed 57,987 Total Material Distributed;
- Provided 50,803 Downloaded Website Materials to sexual assault programs;
- Provided 1,323 Survivor Booklets to sexual assault programs;
- Conducted 32 Professional Training Sessions for 1,321 Individuals; and
- Provided 230 Instances of Technical Assistance to Sexual Assault Programs.

Audit & Oversight Activities
To ensure accountability for funds awarded to the grantee, the following audit and oversight activities were utilized:

- OAG staff reviewed and analyzed monthly invoices and financial status reports in addition to quarterly program performance reports;
- OAG staff approved the original budget and all budget amendments;
- OAG staff reviewed the annual or single audit.
- OAG staff conducted a monitoring review of the grant received by the Texas Association Against Sexual Assault, Inc.
