Dear Ms. Sanchez:

You ask whether certain information is subject to required public disclosure under the Texas Open Records Act, chapter 552 of the Government Code. Your request was assigned ID# 31625.

The Texas Department of Insurance (the "department") received a request for information concerning American Public Life Insurance Company of Jackson, Mississippi. Pursuant to sections 552.101, 552.111, and 552.112 of the Government Code, you seek to withhold from required public disclosure a memorandum concerning a financial review of this insurance company. You enclosed a copy of this memorandum and state that this memorandum is a representative sample of the information the department seeks to withhold from disclosure.

**Section 552.112(a) excepts from required public disclosure**

information contained in or related to examination, operating, or condition reports prepared by or for an agency responsible for the regulation or supervision of financial institutions or securities, or both.

Insurance companies are included within the term "financial institutions" for purposes of section 552.112(a). Open Records Decision No. 158 (1977) at 5-6. The memorandum at issue contains information about the insurance company's financial condition. We, therefore, conclude that the department may withhold this memorandum from required public disclosure based on section 552.112 of the Government Code.

In reaching our conclusion here, we assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988) (where requested documents are numerous and repetitive, governmental body should submit representative sample; but if each record contains substantially different information, all must be submitted). This open records letter does not reach, and therefore does not authorize the withholding of any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

We are resolving this matter with this informal letter ruling rather than with a published open records decision. This ruling is limited to the particular records at issue under the facts presented to us in this request and may not be relied upon as a previous determination under section 552.301 regarding any other records. If you have questions about this ruling, please contact our office.

Yours very truly,

Kay Guajardo  
Assistant Attorney General  
Open Government Section
