Dear Mr. Ybarra:

You ask whether certain information is subject to required public disclosure under the Texas Open Records Act, chapter 552 of the Government Code. Your request was assigned ID# 100607.

The Office of the Attorney General has received a request for records relating to Attorney General Opinion V-227 (1947). You have provided to the requestors certain records that are responsive to the request. You claim that section 552.111 of the Government Code excepts the remaining information from required public disclosure.

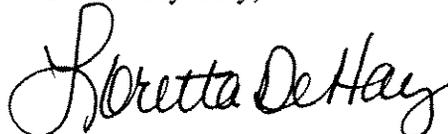

Section 552.111 excepts from disclosure "an interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency." This exception encompasses advice, opinion, and recommendation used in the policymaking process. Open Records Decision No. 615 (1993).

We have examined the records submitted for our review and conclude that section 552.111 applies in this instance. You may, therefore, withhold the records under section 552.111.

We are resolving this matter with an informal letter ruling rather than with a published open records decision. This ruling is limited to the particular records at issue

under the facts presented to us in this request and should not be relied upon as a previous determination regarding any other records. If you have questions about this ruling, please contact our office.

Yours very truly,
