Dear Mr. Castaneda:

You ask whether certain information is subject to required public disclosure under the Open Records Act, chapter 552 of the Government Code. Your request was assigned ID# 123013.

You assert that the requested information is excepted from disclosure based on section 552.104 of the Government Code. Section 552.104 states that information is excepted from required public disclosure if release of the information would give advantage to a competitor or bidder. The purpose of this exception is to protect the interests of a governmental body usually in competitive bidding situations. *See* Open Records Decision No. 592 (1991). This exception protects information from public disclosure if the governmental body demonstrates potential harm to its interests in a particular competitive situation. *See* Open Records Decision No. 463 (1987). Generally, section 552.104 does not except bids from public disclosure after bidding is completed and the contract has been awarded. *See* Open Records Decision 541 (1990).

In this case, you inform us that award of the contract has been delayed until a protest against the award is resolved. We therefore conclude that the information is excepted from disclosure based on section 552.104 until such time as the contract is awarded.

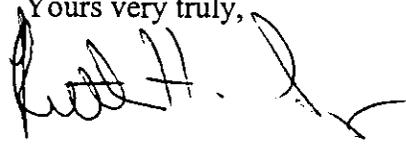

In light of our conclusion under section 552.104, we need not address the other exceptions raised, if any. We are resolving this matter with this informal letter ruling rather than with a published open records decision. This ruling is limited to

*Printed on Recycled Paper*

*An Equal Employment  
Opportunity Employer*

the particular records at issue under the facts presented to us in this request and may not be relied upon as a previous determination regarding any other records. If you have questions about this ruling, please contact our office.

Yours very truly,

Ruth H. Soucy  
Assistant Attorney General  
Open Records Division
