Dear Ms. Goldstein:

You ask whether certain information is subject to required public disclosure under chapter 552 of the Government Code. Your request was assigned ID# 128283.

The City of McKinney (the "city"), which you represent, received a request for

1. A computer list of the Capital Improvements Projects that require right-of-way acquisition and a copy of the thoroughfare plan that reflects all projects planned for the future.
2. Each and every Landowner's name, corresponding address, and corresponding parcel number for every property that will be acquired by the City of McKinney, in part or in whole, for each of the City of McKinney Projects that are listed above.

You have released item 1 to the requestor. You argue that the remaining requested information is excepted from disclosure by section 552.105 of the Government Code. You have submitted a representative sample of the information that you seek to withhold.<sup>1</sup>

---

<sup>1</sup>We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. See Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

affected properties.” After examining your arguments and the information you have submitted, we find that section 552.105 is applicable in this instance. You may withhold the submitted information under section 552.105.

We are resolving this matter with an informal letter ruling rather than with a published open records decision. This ruling is limited to the particular records at issue under the facts presented to us in this request and should not be relied upon as a previous determination regarding any other records. If you have questions about this ruling, please contact our office.

Sincerely,
