Assistant City Attorney
City of Garland
P.O. Box 469002
Garland, Texas 75046-9002

OR2002-5172

Dear Mr. Dempsey:

You ask whether certain information is subject to required public disclosure under chapter 552 of the Government Code. Your request was assigned ID# 168610.

The City of Garland (the "city") received a request for the earning records for Bobby G. Neal, the Transportation and Distribution Director for the city's electric utility, for the years 1999, 2000, and 2001. You claim that the requested information is excepted from disclosure under sections 552.101 and 552.131 of the Government Code.¹ We have considered the exceptions you claim and reviewed the submitted information.

Section 552.133 of the Government Code excepts from disclosure a public power utility's information related to a competitive matter. Section 552.133(b) provides:

Information or records are excepted from the requirements of Section 552.021 if the information or records are reasonably related to a competitive matter, as defined in this section. Excepted information or records include the text of any resolution of the public power utility governing body determining which issues, activities, or matters constitute competitive matters. Information or records of a municipally owned utility that are reasonably related to a competitive matter are not subject to disclosure under this chapter, whether or not, under the Utilities Code, the municipally owned utility has adopted customer choice or serves in a multiply certificated service area. This section does not limit the right of a public power utility governing

¹Please note that the Seventy-seventh Legislature renumbered former section 552.131, "Exception: Public Power Utility Competitive Matters," as section 552.133. The revision was non-substantive. See Gov't Code § 552.133.

body to withhold from disclosure information deemed to be within the scope of any other exception provided for in this chapter, subject to the provisions of this chapter.

Gov't Code § 552.133(b). A "competitive matter" is defined as a matter the public power utility governing body in good faith determines by vote to be related to the public power utility's competitive activity, and the release of which would give an advantage to competitors or prospective competitors. Gov't Code § 552.133(a)(3). Section 552.133(a)(3) lists thirteen categories of information that may not be deemed competitive matters. The attorney general may conclude that section 552.133 is inapplicable to the requested information only if, based on the information provided, the attorney general determines the public power utility governing body has not acted in good faith in determining that the issue, matter, or activity is a competitive matter or that the information requested is not reasonably related to a competitive matter. Gov't Code § 552.133(c).

The city council passed a resolution by vote pursuant to section 552.133 in which it defined the requested information to be within the scope of the term "competitive matter." The requested information is not clearly among the thirteen categories of information expressly exempted from the definition of competitive matter, and we have no evidence that the city council failed to act in good faith. Consequently, we agree that the requested information is a competitive matter in accordance with the city's resolution and, therefore, is excepted from disclosure pursuant to section 552.133.²

This letter ruling is limited to the particular records at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other records or any other circumstances.

Questions or complaints about over-charging must be directed to Hadassah Schloss at the Texas Building and Procurement Commission at 512/475-2497.
