

**ATTORNEY GENERAL OF TEXAS**  
**GREG ABBOTT**

December 6, 2004

Ms. Ann Bright  
General Counsel  
Texas Parks and Wildlife Department  
4200 Smith School Road  
Austin, Texas 78744-3291

OR2004-10312

Dear Ms. Bright:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 214255.

The Texas Parks and Wildlife Department (the "department") received a request for maps and data pertaining to the location of black-tailed prairie dog colonies. You claim that the requested information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>1</sup>

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision," and encompasses information made confidential by other statutes. You contend that the submitted information is made confidential under section 12.103 of the Parks and Wildlife Code. Section 12.103 provides in pertinent part:

---

<sup>1</sup>We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. See Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

(a) To enforce the game and fish laws of the state and to conduct scientific investigations and research regarding wild game or fish, an authorized employee of the department may enter on any land or water where wild game or fish are known to range or stray. . . .

(b) Except as provided by Subsection (d), the department may use information collected by an employee of the department on privately owned land only for the purposes of scientific investigations and research described in Subsection (a) and only if authorized in writing by the landowner or the landowner's agent. . . .

. . .

(c) except as provided by Subsection (d), information collected under this section may only be reported or compiled in a manner that prevents the identification of an individual parcel or specific parcels of private property without the written consent of the landowner or the landowner's agent.

(d) The department may collect and enter data as necessary relating to the occurrence or harvest of natural resources in public land or water. The department may collect and report standardized annual wildlife survey information required by the Pitman-Robertson Wildlife Restoration Act (16 U.S.C. Section 669 *et seq.*).

You contend that the submitted records consist of information relating to a scientific investigation as contemplated in section 12.103(a). Based on your representations and our review, we agree that the submitted information is subject to section 12.103. Furthermore, as section 12.103(b) prohibits the department from making use of the collected information for any purpose other than those listed in the statute, we determine that the submitted information is confidential pursuant to section 12.103. You state that "there has been no landowner authorization to disclose this information." Thus, none of the release provisions in section 12.103 appear to apply in this instance. Therefore, we determine that the department must withhold the submitted information under section 552.101 of the Government Code as information made confidential by law.

This letter ruling is limited to the particular records at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other records or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For example, governmental bodies are prohibited from asking the attorney general to reconsider this ruling. Gov't Code § 552.301(f). If the governmental body wants to challenge this ruling, the governmental body must appeal by

filing suit in Travis County within 30 calendar days. *Id.* § 552.324(b). In order to get the full benefit of such an appeal, the governmental body must file suit within 10 calendar days. *Id.* § 552.353(b)(3), (c). If the governmental body does not appeal this ruling and the governmental body does not comply with it, then both the requestor and the attorney general have the right to file suit against the governmental body to enforce this ruling. *Id.* § 552.321(a).

If this ruling requires the governmental body to release all or part of the requested information, the governmental body is responsible for taking the next step. Based on the statute, the attorney general expects that, within 10 calendar days of this ruling, the governmental body will do one of the following three things: 1) release the public records; 2) notify the requestor of the exact day, time, and place that copies of the records will be provided or that the records can be inspected; or 3) notify the requestor of the governmental body's intent to challenge this letter ruling in court. If the governmental body fails to do one of these three things within 10 calendar days of this ruling, then the requestor should report that failure to the attorney general's Open Government Hotline, toll free, at (877)673-6839. The requestor may also file a complaint with the district or county attorney. *Id.* § 552.3215(e).

If this ruling requires or permits the governmental body to withhold all or some of the requested information, the requestor can appeal that decision by suing the governmental body. *Id.* § 552.321(a); *Texas Dep't of Pub. Safety v. Gilbreath*, 842 S.W.2d 408, 411 (Tex. App.—Austin 1992, no writ).

Please remember that under the Act the release of information triggers certain procedures for costs and charges to the requestor. If records are released in compliance with this ruling, be sure that all charges for the information are at or below the legal amounts. Questions or complaints about over-charging must be directed to Hadassah Schloss at the Texas Building and Procurement Commission at (512)475-2497.

If the governmental body, the requestor, or any other person has questions or comments about this ruling, they may contact our office. We note that a third party may challenge this ruling by filing suit seeking to withhold information from a requestor. Gov't Code § 552.325. Although there is no statutory deadline for contacting us, the attorney general prefers to receive any comments within 10 calendar days of the date of this ruling.

Sincerely,

Cindy Nettles  
Assistant Attorney General  
Open Records Division
