Dear Ms. Villarreal-Reyna:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 306371.

The Texas Department of Insurance (the "department") received a request for a copy of the current contract with Prometric for the administration of insurance examinations. You state that some of the requested information has been released and you do not take a position as to whether the submitted information is excepted under the Act; however, Prometric, in correspondence to this office, asserts that its information is excepted under section 552.110 of the Government Code. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have reviewed the submitted arguments and information.

Section 552.110 protects the proprietary interests of private parties by excepting from disclosure two types of information: trade secrets and commercial or financial information the release of which would cause a third party substantial competitive harm. Section 552.110(b) excepts from disclosure "[c]ommercial or financial information for which it is demonstrated based on specific factual evidence that disclosure would cause substantial competitive harm to the person from whom the information was obtained." Section 552.110(b) requires a specific factual or evidentiary showing, not conclusory or

generalized allegations, that substantial competitive injury would likely result from release of the requested information. *See* Open Records Decision No. 661 at 5-6 (1999) (business enterprise must show by specific factual evidence that release of information would cause it substantial competitive harm).

The submitted information consists of exam questions. Prometric asserts that “[d]isclosure of such confidential and proprietary exam questions would provide an advantage to our competitors in the testing industry.” However, we find that Prometric has made only conclusory allegations that release of the submitted information would cause it substantial competitive injury and has provided no specific factual or evidentiary showing to support such allegations. Thus, we find Prometric has failed to establish that the requested information is excepted under section 552.110(b) of the Government Code. Accordingly, the department must release the submitted information to the requestor.

This letter ruling is limited to the particular records at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other records or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For example, governmental bodies are prohibited from asking the attorney general to reconsider this ruling. Gov’t Code § 552.301(f). If the governmental body wants to challenge this ruling, the governmental body must file suit in Travis County within 30 calendar days. *Id.* § 552.324(b). In order to get the full benefit of such a challenge, the governmental body must file suit within 10 calendar days. *Id.* § 552.353(b)(3), (c). If the governmental body does not appeal this ruling and the governmental body does not comply with it, then both the requestor and the attorney general have the right to file suit against the governmental body to enforce this ruling. *Id.* § 552.321(a).

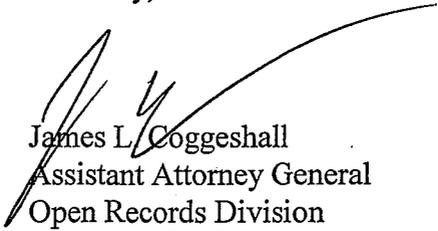

If this ruling requires the governmental body to release all or part of the requested information, the governmental body is responsible for taking the next step. Based on the statute, the attorney general expects that, upon receiving this ruling, the governmental body will either release the public records promptly pursuant to section 552.221(a) of the Government Code or file a lawsuit challenging this ruling pursuant to section 552.324 of the Government Code. If the governmental body fails to do one of these things, then the requestor should report that failure to the attorney general’s Open Government Hotline, toll free, at (877) 673-6839. The requestor may also file a complaint with the district or county attorney. *Id.* § 552.3215(e).

If this ruling requires or permits the governmental body to withhold all or some of the requested information, the requestor can challenge that decision by suing the governmental body. *Id.* § 552.321(a); *Texas Dep’t of Pub. Safety v. Gilbreath*, 842 S.W.2d 408, 411 (Tex. App.—Austin 1992, no writ).

Please remember that under the Act the release of information triggers certain procedures for costs and charges to the requestor. If records are released in compliance with this ruling, be sure that all charges for the information are at or below the legal amounts. Questions or complaints about over-charging must be directed to Hadassah Schloss at the Office of the Attorney General at (512) 475-2497.

If the governmental body, the requestor, or any other person has questions or comments about this ruling, they may contact our office. Although there is no statutory deadline for contacting us, the attorney general prefers to receive any comments within 10 calendar days of the date of this ruling.

Sincerely,

James L. Coggeshall  
Assistant Attorney General  
Open Records Division
