

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

July 2, 2008

Mr. Ronald J. Bounds
Assistant City Attorney
City of Corpus Christi
P.O. Box 9277
Corpus Christi, Texas 78469-9277

OR2008-08937

Dear Mr. Bounds:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 315318.

The City of Corpus Christi (the "city") received a request for building permit and construction documents pertaining to specified projects. You claim that some of the requested information is excepted from disclosure under section 552.137 of the Government Code. You also state, and provide documentation showing, that you notified all of the interested third parties of the receipt of the request for information and of the right of each to submit arguments to this office as to why the requested information should not be released to the requestor.¹ *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). Bass and Welch Engineering informs us that it was notified by the city of the request, but asserts that "we do not believe we have the right to either object or acquiesce to the release of [the requested] records." We have considered the submitted arguments and reviewed the submitted information.

¹The following are the interested third parties: Admiral Linen and Uniform Services; American Oilfield; Architect TKO; Baird Hampton & Brown, Inc. Engineering Services; C-J Stone Construction, Inc.; CMA; Coco & Coco Architecture/Art/Photography; Edwards and Kelcey; Engineering Services; Evergreen Design Group, Inc.; Ewing Construction Company; GEO Solutions, Ltd.; Gessner Engineering; GPM Engineering; Jack in the Box, Inc.; Jessco; Kemco Systems, Inc.; Landgraf, Crutcher & Associates; Marshall Air Systems, Inc.; Naismith Engineering; Southwest Deli Group; Starbucks Coffee Company; Teal Construction Co.; Thermal Engineering of Arizona, Inc.; Tyler/Corpus Development Partners, LP; Urban Engineering; and Western Steel Company.

Section 552.137 of the Government Code exempts from disclosure "an e-mail address of a member of the public that is provided for the purpose of communicating electronically with a governmental body" unless the member of the public consents to its release or the e-mail address is of a type specifically excluded by subsection (c). See Gov't Code § 552.137(a)-(c). Section 552.137 does not apply to a government employee's work e-mail address because such an address is not that of the employee as a "member of the public," but is instead the address of the individual as a government employee. The e-mail addresses at issue do not appear to be of a type specifically excluded by section 552.137(c). You do not inform us that a member of the public has affirmatively consented to the release of any e-mail address contained in the submitted materials. Therefore, we agree that the city must withhold the e-mail addresses you have marked under section 552.137.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit its reasons, if any, as to why requested information relating to it should be withheld from disclosure. See Gov't Code § 552.305(d)(2)(B). As of the date of this letter, no interested third party has submitted to this office any reasons explaining why the requested information should not be released. We thus have no basis for concluding that any portion of the submitted information constitutes proprietary information of any of the interested third parties, and the city may not withhold any portion of the submitted information on that basis. See Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3 (1990).

Finally, you inform us that some of the materials at issue may be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Attorney General Opinion JM-672 (1987). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *Id.* If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit. See Open Records Decision No. 550 (1990).

To conclude, the city must withhold the information marked under section 552.137 of the Government Code. The city must release the remaining information, but any copyrighted information may only be released in accordance with copyright law.

This letter ruling is limited to the particular records at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other records or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For example, governmental bodies are prohibited

from asking the attorney general to reconsider this ruling. Gov't Code § 552.301(f). If the governmental body wants to challenge this ruling, the governmental body must file suit in Travis County within 30 calendar days. *Id.* § 552.324(b). In order to get the full benefit of such a challenge, the governmental body must file suit within 10 calendar days. *Id.* § 552.353(b)(3). If the governmental body does not file suit over this ruling and the governmental body does not comply with it, then both the requestor and the attorney general have the right to file suit against the governmental body to enforce this ruling. *Id.* § 552.321(a).

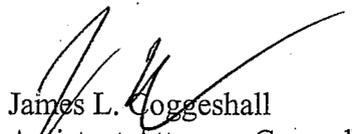

If this ruling requires the governmental body to release all or part of the requested information, the governmental body is responsible for taking the next step. Based on the statute, the attorney general expects that, upon receiving this ruling, the governmental body will either release the public records promptly pursuant to section 552.221(a) of the Government Code or file a lawsuit challenging this ruling pursuant to section 552.324 of the Government Code. If the governmental body fails to do one of these things, then the requestor should report that failure to the attorney general's Open Government Hotline, toll free, at (877) 673-6839. The requestor may also file a complaint with the district or county attorney. *Id.* § 552.3215(e).

If this ruling requires or permits the governmental body to withhold all or some of the requested information, the requestor can challenge that decision by suing the governmental body. *Id.* § 552.321(a); *Texas Dep't of Pub. Safety v. Gilbreath*, 842 S.W.2d 408, 411 (Tex. App.—Austin 1992, no writ).

Please remember that under the Act the release of information triggers certain procedures for costs and charges to the requestor. If records are released in compliance with this ruling, be sure that all charges for the information are at or below the legal amounts. Questions or complaints about over-charging must be directed to Hadassah Schloss at the Office of the Attorney General at (512) 475-2497.

If the governmental body, the requestor, or any other person has questions or comments about this ruling, they may contact our office. Although there is no statutory deadline for contacting us, the attorney general prefers to receive any comments within 10 calendar days of the date of this ruling.

Sincerely,

James L. Coggeshall
Assistant Attorney General
Open Records Division

JLC/jh
