OR2008-13154

Dear Ms. Camp-Lee:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 322697.

The City of Round Rock (the "city"), which you represent, received a request for contracts between the city and two specified entities. You state that you will release some of the information. The city takes no position on whether the submitted information is excepted from disclosure, but you state that the release of this information may implicate the proprietary rights of a certain third party. Accordingly, you inform us, and provide documentation showing, that you notified Constellation NewEnergy, Inc. ("Constellation") of the request and of its right to submit arguments to this office as to why the information should not be released. *See* Gov't Code § 552.301(d) (permitting interested third party to submit to attorney general reasons why requested information should not be released); *see also* Open Records Decision No. 542 (1990) (determining that statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception to disclosure in certain circumstances). We have received and considered comments from Constellation.

Constellation asserts that the "Special Provisions" and the Electric Charge sections of Schedule A are subject to section 552.110(b) of the Government Code. Section 552.110(b) excepts from disclosure "[c]ommercial or financial information for which it is demonstrated based on specific factual evidence that disclosure would cause substantial competitive harm to the person from whom the information was obtained." Section 552.110(b) requires a

specific factual or evidentiary showing, not conclusory or generalized allegations, that substantial competitive injury would likely result from release of the requested information. *See* ORD 661 at 5-6.

The city awarded its contract for electricity to Constellation. The information Constellation seeks to withhold is pricing information pertaining to this contract. Pricing information of an entity that is contracting with the government is generally not excepted under section 552.110(b). This office considers the prices charged in government contract awards to be a matter of strong public interest. *See* Open Records Decision No. 514 (public has interest in knowing prices charged by government contractors). *See generally* Freedom of Information Act Guide & Privacy Act Overview, 219 (2000) (federal cases applying analogous Freedom of Information Act reasoning that disclosure of prices charged government is a cost of doing business with government). Therefore, the city may not withhold the "Special Provisions" and the Electric Charge sections of Schedule A under section 552.110(b) and this information must be released.

This letter ruling is limited to the particular records at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other records or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For example, governmental bodies are prohibited from asking the attorney general to reconsider this ruling. Gov't Code § 552.301(f). If the governmental body wants to challenge this ruling, the governmental body must file suit in Travis County within 30 calendar days. *Id.* § 552.324(b). In order to get the full benefit of such a challenge, the governmental body must file suit within 10 calendar days. *Id.* § 552.353(b)(3). If the governmental body does not file suit over this ruling and the governmental body does not comply with it, then both the requestor and the attorney general have the right to file suit against the governmental body to enforce this ruling. *Id.* § 552.321(a).

If this ruling requires the governmental body to release all or part of the requested information, the governmental body is responsible for taking the next step. Based on the statute, the attorney general expects that, upon receiving this ruling, the governmental body will either release the public records promptly pursuant to section 552.221(a) of the Government Code or file a lawsuit challenging this ruling pursuant to section 552.324 of the Government Code. If the governmental body fails to do one of these things, then the requestor should report that failure to the attorney general's Open Government Hotline, toll free, at (877) 673-6839. The requestor may also file a complaint with the district or county attorney. *Id.* § 552.3215(e).

If this ruling requires or permits the governmental body to withhold all or some of the requested information, the requestor can challenge that decision by suing the governmental

body. *Id.* § 552.321(a); *Texas Dep't of Pub. Safety v. Gilbreath*, 842 S.W.2d 408, 411 (Tex. App.—Austin 1992, no writ).

Please remember that under the Act the release of information triggers certain procedures for costs and charges to the requestor. If records are released in compliance with this ruling, be sure that all charges for the information are at or below the legal amounts. Questions or complaints about over-charging must be directed to Hadassah Schloss at the Office of the Attorney General at (512) 475-2497.

If the governmental body, the requestor, or any other person has questions or comments about this ruling, they may contact our office. Although there is no statutory deadline for contacting us, the attorney general prefers to receive any comments within 10 calendar days of the date of this ruling.

Sincerely,

Olivia A. Maceo
