Mr. Ori T. White
Pecos County Attorney
P.O. Box 456

OR2009-05757

Dear Mr. White:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 342356.

The Pecos County Memorial Hospital (the "hospital") received a request for the "total bad debt" owed the hospital by individuals living in a specified zip code. You claim that the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 excepts "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information that other statutes make confidential. You raise section 552.101 in conjunction with the federal Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), 42 U.S.C. §§ 1320d-1320d-8. At the direction of Congress, the Secretary of Health and Human Services ("HHS") promulgated regulations setting privacy standards for medical records, which HHS issued as the Federal Standards for Privacy of Individually

¹We assume that the representative sample of records submitted to this office is truly representative of the requested records as a whole. See Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Identifiable Health Information. See Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. § 1320d-2 (Supp. IV 1998) (historical & statutory note); Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. Pts. 160, 164 ("Privacy Rule"); see also Attorney General Opinion JC-0508 at 2 (2002). These standards govern the releasability of protected health information by a covered entity. See 45 C.F.R. pts. 160, 164. Under these standards, a covered entity may not use or disclose protected health information, except as provided by parts 160 and 164 of the Code of Federal Regulations. See *id.* § 164.502(a).

This office has addressed the interplay of the Privacy Rule and the Act. In Open Records Decision No. 681 (2004), we noted that section 164.512 of title 45 of the Code of Federal Regulations provides that a covered entity may use or disclose protected health information to the extent that such use or disclosure is required by law and the use or disclosure complies with and is limited to the relevant requirements of such law. See 45 C.F.R. § 164.512(a)(1). We further noted that the Act "is a mandate in Texas law that compels Texas governmental bodies to disclose information to the public." See ORD 681 at 8; see also Gov't Code §§ 552.002, .003, .021. We therefore held that the disclosures under the Act come within section 164.512(a). Consequently, the Privacy Rule does not make information confidential for the purpose of section 552.101 of the Government Code. See *Abbott v. Tex. Dep't of Mental Health & Mental Retardation*, 212 S.W.3d 648 (Tex. App.—Austin 2006, no pet.); ORD 681 at 9; see also Open Records Decision No. 478 (1987) (as general rule, statutory confidentiality requires express language making information confidential). Thus, because the Privacy Rule does not make information that is subject to disclosure under the Act confidential, the hospital may withhold protected health information from the public only if the information is confidential under other law or an exception in subchapter C of the Act applies.

Section 552.101 of the Government Code also encompasses the Medical Practice Act (the "MPA"), Occ. Code §§ 151.001-165.160. Section 159.002 of the Occupations Code provides in pertinent part:

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Occ. Code §§ 159.002(b), (c). This office has concluded that the protection afforded by section 159.002 extends only to records created by either a physician or someone under the

supervision of a physician. *See* Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982). Further, information that is subject to the MPA also includes information that was obtained from medical records. *See* Occ. Code § 159.002(a), (b), (c); *see also* Open Records Decision No. 598 (1991). Upon review, we conclude that no portion of the submitted information constitutes a record of the identity, diagnosis, evaluation, or treatment of a patient by a physician for the purposes of the MPA. Thus, the hospital may not withhold any of the submitted information under the MPA. As you raise no other exceptions to disclosure, the requested information must be released to the requestor.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
