OR2009-07046

Dear Mr. Peeler:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 348363.

The Montgomery County Emergency Services District No. 8 (the "district"), which you represent, received a request for a specified incident report. You claim the requested report is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information. We have also considered comments submitted by the requestor. *See* Gov't Code § 552.304 (providing that interested party may submit comments stating why information should or should not be released).

Section 552.101 of the Government Code excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information that other statutes make confidential, including section 773.091 of the Health and Safety Code. Section 773.091 provides in relevant part:

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex,

occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(b), (g). You state the submitted report was prepared by emergency medical service (“EMS”) personnel that provided first responder EMS services to a patient. Based on your representation and our review, we conclude the submitted documents constitute EMS records that are confidential under section 773.091. We note, however, records that are confidential under section 773.091 may be disclosed to “any person who bears a written consent of the patient or other persons authorized to act on the patient’s behalf for the release of confidential information.” *Id.* §§ 773.092 (e)(4), .093. Section 773.093 provides that a consent for release of EMS records must specify: (1) the information or records to be covered by the release; (2) the reasons or purpose for the release; and (3) the person to whom the information is to be released. *Id.* § 773.093. Therefore, unless the city receives proper consent, the city must withhold the submitted EMS records pursuant to section 773.091 of the Health and Safety Code, except as specified by section 773.091(g).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.oag.state.tx.us/open/index_orl.php, or call the Office of the Attorney General’s Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act must be directed to the Cost Rules Administrator of the Office of the Attorney General at (512) 475-2497.

Sincerely,

Jordan Hale
Assistant Attorney General
