Dear Mr. Meitler:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 357964 (TEA PIR# 11595).

The Texas Education Agency (the "agency") received a request for information related to a specified school retaking the TAKS test. You claim that the requested information is excepted from disclosure under section 552.116 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.116 of the Government Code provides as follows:

(a) An audit working paper of an audit of the state auditor or the auditor of a state agency, an institution of higher education as defined by Section 61.003, Education Code, a county, a municipality, a school district, or a joint board operating under Section 22.074, Transportation Code, including any audit relating to the criminal history background check of a public school employee, is excepted from [required public disclosure]. If information in an audit working paper is also maintained in another record, that other record is not excepted from [required public disclosure] by this section.

(b) In this section:

(1) "Audit" means an audit authorized or required by a statute of this state or the United States, the charter or an ordinance of a municipality, an order of the commissioners court of a county, a

resolution or other action of a board of trustees of a school district, including an audit by the district relating to the criminal history background check of a public school employee, or a resolution or other action of a joint board described by Subsection (a) and includes an investigation.

(2) "Audit working paper" includes all information, documentary or otherwise, prepared or maintained in conducting an audit or preparing an audit report, including:

(A) intra-agency and interagency communications; and

(B) drafts of the audit report or portions of those drafts.

Gov't Code § 552.116. You state the submitted documents were "prepared and maintained by [the agency] in conducting investigations of testing irregularities in the administration of statewide assessment instruments." You inform us that section 39.075(a)(8) of the Education Code authorizes the Commissioner of Education to permit a special accreditation investigation in response to an alleged violation of an assessment instrument security procedure. *See* Educ. Code § 39.075 (listing circumstances in which the commissioner shall authorize investigations). Based on your representations and our review of the information at issue, we conclude that the submitted information consists of audit working papers that the agency may withhold under section 552.116 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
