OR2009-15217

Dear Ms. Burton:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID#360620.

The Texas Department of State Health Services (the "department") received a request for all information related to an investigation of a named end stage renal dialysis facility. You state the department has provided or will provide some of the information. You claim that the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

You acknowledge that the department failed to meet the deadlines prescribed by section 552.301 of the Government Code in requesting an open records decision from this office. *See* Gov't Code § 552.301(b), (e). The information at issue is therefore presumed to be subject to required public disclosure and must be released, unless there is a compelling reason to withhold any of the information. *See id.* § 552.302; *City of Dallas v. Abbott*, 279 S.W.3d 806, 811 (Tex. App.— 2007, pet. granted); *Simmons v. Kuzmich*, 166 S.W.3d 342, 350 (Tex. App.— Fort Worth 2005, no pet.); *Hancock v. State Bd. of Ins.*, 797 S.W.2d 379, 381 (Tex. App.— Austin 1990, no writ); *see also* Open Records Decision No. 630 (1994). This statutory presumption can generally be overcome when information is confidential by law or third-party interests are at stake. *See* Open Records Decision Nos. 630 at 3 (1994), 325 at 2 (1982). Because section 552.101 of the Government Code can provide a compelling reason to withhold information, we will address your argument against disclosure of this information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Section 552.101 encompasses chapter 251 of the Health and Safety Code, which relates to end stage renal disease facilities. Section 251.015 provides as follows:

(a) A medical review board shall advise the [Texas Board of Health] on minimum standards and rules to be adopted under this chapter.

(b) The medical review board shall review the information on quality of care provided in the annual report filed under Section 251.013(f) and other appropriate information provided to or compiled by the department with respect to an end stage renal disease facility. Based on the review, the medical review board may advise the department about the quality of care provided by a facility and recommend an appropriate corrective action plan under Section 251.061 or other enforcement proceedings against the facility.

(c) Information concerning the quality of care provided to or compiled by the department or medical review board and a recommendation of the medical review board are confidential. The information or recommendation may not be made available for public inspection, is not subject to disclosure under Chapter 552, Government Code, and is not subject to discovery, subpoena, or other compulsory legal process.

(d) The department, in its discretion, may release to a facility information relating to that facility that is made confidential under Subsection (c). Release of information to a facility under this subsection does not waive the confidentiality of that information or the privilege from compulsory legal process.

Health & Safety Code § 251.015. Section 251.061 of the Health and Safety Code provides in part:

(g) A corrective action plan is not confidential. Information contained in the plan may be excepted from required disclosure under Chapter 552, Government Code, in accordance with that chapter or other applicable law.

*Id.* § 251.061(g). You have highlighted information you assert is confidential pursuant to section 251.015(c) of the Health and Safety Code. You represent that this information consists of quality of care information compiled by the department or the medical review board or constitutes recommendations of the medical review board. Although you acknowledge that generally, corrective action plans are not confidential pursuant to section 251.061(g), you assert the corrective action plans you have highlighted are

confidential under other law. Specifically, you explain that the corrective action plans you have marked also constitute confidential quality of care information subject to section 251.015(c). Based on your representations and our review of the information at issue, we agree that the information you have marked is confidential under section 251.015(c) of the Health and Safety Code. Therefore, this information must be withheld from disclosure under section 552.101 of the Government Code. The remaining information must be released to the requestor.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
