Ms. Mariví Gambini

Irving, Texas 75060

OR2009-18045

Dear Ms. Gambini:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 364986 (PI-09-988).

The City of Irving (the "city") received a request for all city records of dogs registered in a specified location. You claim that the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Section 826.0311 of the Health and Safety Code, in relevant part, states the following:

(a) Information that is contained in a municipal or county registry of dogs and cats under Section 826.031 that identifies or tends to identify the owner or an address, telephone number, or other personally identifying information of the owner of the registered dog or cat is confidential and not subject to disclosure under Chapter 552, Government Code. The information contained in the registry may not include the social security number or the driver's license number of the owner of the registered animal.

(b) The information may be disclosed only to a governmental entity or a person that, under a contract with a governmental entity, provides animal control services or animal registration services for the governmental entity for purposes related to the protection of public health and safety. A governmental entity or person that receives the information must maintain the confidentiality of the information, may not disclose the information under Chapter 552, Government Code, and may not use the information for a purpose that does not directly relate to the protection of public health and safety.

Health & Safety Code § 826.0311(a), (b). Section 826.0311 only applies to the actual pet registry; it is not applicable to the contents of other records, even though those documents may contain the same information as the pet registry. *See* Open Records Decision No. 658 at 4 (1998) (statutory confidentiality provision must be express, and confidentiality requirement will not be implied from statutory structure). You inform us that the submitted records are contained in the city's pet registry and are compiled from rabies vaccination certificates. You state that none of the exceptions in section 826.0311(b) apply in this instance. Therefore, we conclude the identifying information we have marked in the submitted records is confidential pursuant to section 826.0311 and must be withheld under section 552.101 of the Government Code. However, we find that none of the remaining information consists of the address, telephone number, or other personally identifying information of a pet owner. Thus, no portion of the remaining information may be withheld under section 552.101 in conjunction with section 826.0311 of the Health and Safety Code.

You seek to withhold the remaining information under section 826.0211 of the Health and Safety Code, which is also encompassed by section 552.101. Section 826.0211 provides in part:

(a) Information contained in a rabies vaccination certificate or in any record compiled from the information contained in one or more certificates that identifies or tends to identify an owner or an address, telephone number, or other personally identifying information of an owner of a vaccinated animal is confidential and not subject to disclosure under Chapter 552, Government Code. The information contained in the certificate or record may not include the social security number or the driver's license number of the owner of the vaccinated animal.

Health & Safety Code § 826.0211(a). We note section 826.0211 is applicable only to information contained in a rabies vaccination certificate or in a record compiled from information contained in one or more rabies vaccination certificates. Upon review, we find no portion of the remaining information contains the address, telephone number, or other personally identifying information of an owner of a vaccinated animal. Therefore, no portion of the remaining information is confidential under section 826.0211 of the Health and Safety

Code and it may not be withheld under section 552.101 of the Government Code. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection); *see also* Open Records Decision Nos. 658 at 4 (1998), 478 at 2 (1987).

In summary, the city must withhold the information we have marked under section 552.101 in conjunction with section 826.0311 of the Health and Safety Code. The remaining information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
