Dear Ms. Alexander:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 373380.

The Texas Department of Transportation (the "department") received a request for information pertaining to two specified roadways, including information regarding barricades. You state some responsive information has been released to the requestor. You seek to withhold the submitted barricade inspection documents under section 552.111 of the Government Code and section 409 of title 23 of the United States Code. We have considered your arguments and reviewed the submitted representative sample of information.<sup>1</sup>

The submitted inspection checklists are subject to section 552.022 of the Government Code. Section 552.022 enumerates categories of information that are not excepted from required disclosure unless they "are expressly confidential under other law." Under section 552.022(a)(1), a completed report, audit, evaluation, or investigation made of, for, or by a governmental body is expressly public unless it either is excepted under

---

<sup>1</sup>We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

section 552.108 of the Government Code or is expressly confidential under other law. Section 552.111 of the Government Code is a discretionary exception and therefore not "other law" for purposes of section 552.022. *See* Open Records Decision No. 470 at 7 (1987) (statutory predecessor to section 552.111 may be waived). Therefore, the submitted information may not be withheld under section 552.111.

However, the department also contends the submitted information is excepted from disclosure under section 409 of title 23 of the United States Code, which provides as follows:

Notwithstanding any other provision of law, reports, surveys, schedules, lists, or data compiled or collected for the purpose of identifying, evaluating, or planning the safety enhancement of potential accident sites, hazardous roadway conditions, or railway-highway crossings, pursuant to sections 130, 144, and 152 of this title or for the purpose of developing any highway safety construction improvement project which may be implemented utilizing Federal-aid highway funds shall not be subject to discovery or admitted into evidence in a Federal or State court proceeding or considered for other purposes in any action for damages arising from any occurrence at a location mentioned or addressed in such reports, surveys, schedules, lists, or data.

23 U.S.C. § 409. Federal courts have determined that section 409 excludes from evidence data compiled for purposes of highway and railroad crossing safety enhancement and construction for which a state receives federal funding, in order to facilitate candor in administrative evaluations of highway safety hazards and to prevent federally-required record-keeping from being used for purposes of private litigation. *See Harrison v. Burlington N. R.R.*, 965 F.2d 155, 160 (7th Cir. 1992); *Robertson v. Union Pac. R.R.*, 954 F.2d 1433, 1435 (8th Cir. 1992). We agree that section 409 of title 23 of the United States Code is other law for purposes of section 552.022(a) of the Government Code. *See In re City of Georgetown*, 53 S.W.3d 328 (Tex. 2001); *see also Pierce County v. Guillen*, 123 S.Ct. 720 (2003) (upholding constitutionality of section 409, relied upon by county in denying request under state's Public Disclosure Act).

You indicate that the submitted information was created by the department for highway safety purposes. You also inform us that the highway at issue in the submitted documents is part of the National Highway System under section 103 of title 23 of the United States Code and is therefore a federal-aid highway within the meaning of section 409. Furthermore, you state that section 409 of title 23 would protect the submitted information from discovery in civil litigation. Based on your representations and our review, we conclude that the department must withhold the submitted information pursuant to section 409 of title 23 of the United States Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at [http://www.oag.state.tx.us/open/index\\_orl.php](http://www.oag.state.tx.us/open/index_orl.php), or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act must be directed to the Cost Rules Administrator of the Office of the Attorney General, toll free, at (888) 672-6787.
