Mr. John B Dahill
General Counsel
North Texas Tollway Authority
P.O. Box 260729
Plano, Texas 75026

OR2010-04061

Dear Mr. Dahill:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 373942.

The North Texas Tollway Authority (the "authority") received a request for information pertaining to how proposals submitted in response to a bid for staffing and consulting services were rated and graded. You claim that the submitted information is excepted from disclosure under section 552.104 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.104 excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104. The purpose of section 552.104 is to protect a governmental body's interests in competitive bidding situations. *See* Open Records Decision No. 592 (1991). Moreover, section 552.104 requires a showing of some actual or specific harm in a particular competitive situation; a general allegation that a competitor will gain an unfair advantage will not suffice. Open Records Decision No. 541 at 4 (1990). Section 552.104 does not except information relating to competitive bidding situations once a contract has been awarded. Open Records Decision Nos. 306 (1982), 184 (1978).

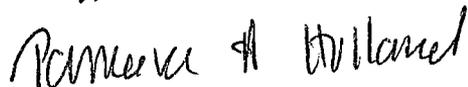

You inform us that the submitted information relates to a request for proposals issued by the authority. You state that the authority is "currently in the process of negotiating contracts" with the four highest-rated proposers, and the contracts have not been finalized. You assert that "[s]hould the [authority] fail to reach an agreement with one or more of the selected

that “[s]hould the [authority] fail to reach an agreement with one or more of the selected firms, the [authority] could elect to terminate discussions with [these firms] and instead negotiate an agreement with the next-highest ranking proposer . . . or secure additional proposals[.]” Based on your representations and our review of the submitted information, we find that the authority has demonstrated that the release of this information would harm its interests in a particular competitive situation. We therefore conclude that the authority may withhold the information it has submitted at this time pursuant to section 552.104 of the Government Code. However, we note that the authority may no longer withhold the submitted information under this exception to disclosure once the contracts have been executed and are in effect. *See* Open Records Decision No. 541 at 5 (1990).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.oag.state.tx.us/open/index_orl.php, or call the Office of the Attorney General’s Open Government Hotline, toll free, at (877) 673-6839.
