OR2010-04183

Dear Mr. Giles:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 375267.

The City Public Service Board of the City of San Antonio d/b/a CPS Energy ("CPS") received a request for a document referenced at a specified meeting. You claim that the submitted information is excepted from disclosure under sections 552.111 and 552.133 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Section 552.133 of the Government Code excepts from disclosure a public power utility's information related to a competitive matter. Section 552.133(b) provides:

Information or records are excepted from the requirements of Section 552.021 if the information or records are reasonably related to a competitive matter, as defined in this section. Excepted information or records include the text of any resolution of the public power utility governing body determining which issues, activities, or matters constitute competitive matters. Information or records of a municipally owned utility that are reasonably related to a competitive matter are not subject to disclosure under this chapter, whether or not, under the Utilities Code, the

municipally owned utility has adopted customer choice or serves in a multiply certificated service area. This section does not limit the right of a public power utility governing body to withhold from disclosure information deemed to be within the scope of any other exception provided for in this chapter, subject to the provisions of this chapter.

Gov't Code § 552.133(b). Section 552.133(a)(3) defines a "competitive matter" as a matter the public power utility governing body in good faith determines by vote to be related to the public power utility's competitive activity, and the release of which would give an advantage to competitors or prospective competitors. *See id.* § 552.133(a)(3). However, section 552.133(a)(3) also provides thirteen categories of information that may not be deemed competitive matters. The attorney general may conclude that section 552.133 is inapplicable to the requested information only if, based on the information provided, the attorney general determines the public power utility governing body has not acted in good faith in determining that the issue, matter, or activity is a competitive matter or that the information requested is not reasonably related to a competitive matter. *Id.* § 552.133(c).

CPS is a public power utility for purposes of section 552.133 of the Government Code. You inform us, and provide documentation showing, the CPS Energy Board of Trustees (the "board"), as governing body of CPS, passed a resolution by vote pursuant to section 552.133 in which the board defined the information considered to be within the scope of the term "competitive matter." You assert the submitted information comes within the scope of specified provisions within the resolution. The submitted information is not among the thirteen categories of information that section 552.133(a)(3) expressly excludes from the definition of competitive matter. Furthermore, we have no evidence the board failed to act in good faith. *See id.* § 552.133(c). Upon review, we determine the submitted information relates to competitive matters in accordance with the submitted resolution. Therefore, CPS must withhold the submitted information pursuant to section 552.133 of the Government Code.<sup>1</sup>
