Dear Mr. Mu:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 377449.

The Texas Department of Criminal Justice (the "department") received a request for the latest revisions of the department's Institutions Division Classification Plan and Unit Classification Procedures Manual. You state a portion of the requested information has been or will be made available to the requestor. You claim that the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.108(b)(1) of the Government Code excepts from public disclosure an internal record of a law enforcement agency that is maintained for internal use in matters relating to law enforcement or prosecution if "release of the internal record or notation would interfere with law enforcement or prosecution[.]" Gov't Code § 552.108(b)(1); *see also City of Fort Worth v. Cornyn*, 86 S.W.3d 320, 327 (Tex. App.—Austin 2002, no pet.) (Gov't Code § 552.108(b)(1) protects information which, if released, would permit private citizens to anticipate weaknesses in police department, avoid detection, jeopardize officer safety, and generally undermine police efforts to effectuate state laws). Generally, a governmental body claiming section 552.108(b)(1) must reasonably explain how and why the release of the requested information would interfere with law enforcement and crime prevention. *See*

requested information would interfere with law enforcement and crime prevention. *See* Gov't Code §§ 552.108(b)(1), .301(e)(1)(A); *see also Ex parte Pruitt*, 551 S.W.2d 706 (Tex. 1977).

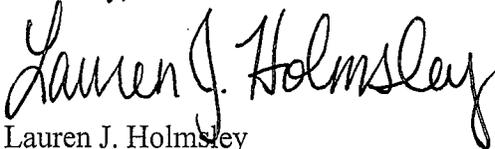

This office has on numerous occasions concluded that section 552.108 excepts from public disclosure information relating to the security or operation of a law enforcement agency. *See e.g.*, Open Records Decision Nos. 531 (1989) (holding that predecessor to section 552.108 excepts detailed guidelines regarding police department's use of force policy), 508 (1988) (holding that release of dates of prison transfer could impair security), 413 (1984) (holding that predecessor to section 552.108 excepts sketch showing security measures for execution).

You argue that release of the submitted information would provide an opportunity for sensitive information to be forged, thereby creating a security risk. You further indicate that release of the submitted information would cause a serious threat of harm to prison security and public safety. Specifically, you argue that release of the department's pre-printed classification documents creates an inherent risk that the documents could be manipulated, thereby providing an opportunity for violent offenders to be released or transferred, allowing them to commit further acts of violence. Based on your arguments and our review of the submitted information, we agree that release of this information would interfere with law enforcement. Accordingly, the department may withhold the submitted information from disclosure under section 552.108(b)(1) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
