Ms. Cary Grace
Assistant City Attorney
City of Austin
P.O. Box 1088
Austin, Texas 78767

OR2010-07354

Dear Ms. Grace:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 380235.

The City of Austin (the "city") received a request for a bid tab related to a solicitation for certain specified inspection services that was issued in October 2009. You claim the submitted information is excepted from disclosure under section 552.133 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.133 of the Government Code excepts from disclosure information held by a public power utility that is related to a competitive matter. *See* Gov't Code § 552.133(b). "Competitive matter" is defined as a matter that the public power utility governing body in good faith determines by vote to be related to the utility's competitive activity. *Id.* § 552.133(a)(3). The governing body also must determine, in like manner, that the release of the information would give an advantage to competitors or prospective competitors. *Id.* Section 552.133(a)(3) lists thirteen categories of information that may not be deemed to be competitive matters. The attorney general may conclude that section 552.133 is inapplicable to the information at issue only if, based on the information provided, the attorney general determines that the public power utility governing body has not acted in good faith in determining that the issue, matter, or activity is a competitive matter or that the information requested is not reasonably related to a competitive matter. *Id.* § 552.133(c). Moreover, section 552.133(b) provides as follows:

Information or records are excepted from [required public disclosure] if the information or records are reasonably related to a competitive matter, as defined in this section. Excepted information or records include the text of any resolution of the public power utility governing body determining which issues, activities, or matters constitute competitive matters. Information or records of a municipally owned utility that are reasonably related to a competitive matter are not subject to disclosure under this chapter, whether or not, under the Utilities Code, the municipally owned utility has adopted customer choice or serves in a multiply certificated service area. This section does not limit the right of a public power utility governing body to withhold from disclosure information deemed to be within the scope of any other exception provided for in this chapter, subject to the provisions of this chapter.

Id. § 552.133(b). You inform us the Austin City Council (the “city council”), as the governing body of Austin Energy, the city’s municipally owned utility, has adopted a resolution that identifies “competitive matters” for the purposes of section 552.133. You have submitted a copy of the resolution. You state that the city council determined in good faith that the items listed in Exhibit A of the resolution are related to Austin Energy’s competitive activity and that the release of such information would give advantage to competitors or prospective competitors. You contend that the submitted information falls within the scope of items I.B.1 and I.B.6 of Exhibit A and thus is subject to section 552.133. Items I.B.1 and I.B.6 define as competitive matters (1) information related to generating unit design, operating and performance data, and (2) information related to critical non-fuel procurement activities, respectively. Upon review, we agree the submitted bid tab relates to a competitive matter as defined in these items. We also find the submitted information is not clearly among the thirteen categories of information that section 552.133 expressly excludes from the definition of competitive matter. *See id.* § 552.133(a)(3). Moreover, based on the information provided in connection with this request, we cannot conclude that the city council has failed to act in good faith. *See id.* § 552.133(c). Therefore, based on your representations, the submitted resolution, and our review of the information at issue, we conclude that the city must withhold the submitted information under section 552.133 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
