Dear Ms. Clarke:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 385549.

The Lubbock County Medical Examiner's Office (the "medical examiner") received a request for information pertaining to a specified autopsy, including photographs. You indicate the medical examiner has released some of the requested information. You claim that the submitted photographs are excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, such as section 11 of article 49.25 of the Code of Criminal Procedure, which provides as follows:

The medical examiner shall keep full and complete records properly indexed, giving the name if known of every person whose death is investigated, the place where the body was found, the date, the cause and manner of death, and shall issue a death certificate. . . . The records are subject to required public disclosure in accordance with Chapter 552, Government Code, except that a photograph or x-ray of a body taken during an autopsy is excepted from required public disclosure in accordance with Chapter 552, Government Code, but is subject to disclosure:

- (1) under a subpoena or authority of other law; or

(2) if the photograph or x-ray is of the body of a person who died while in the custody of law enforcement.

Crim. Proc. Code art. 49.25, § 11. You state that the submitted information consists of autopsy photographs. Upon review, we agree that most of the submitted photographs consist of photographs of a body taken during an autopsy. Provided that neither of the statutory exceptions to confidentiality is applicable in this instance, we find that the department must withhold most of the submitted photographs under section 552.101 of the Government Code in conjunction with section 11 of article 49.25 of the Code of Criminal Procedure. However, photograph numbers DSCN2768 through DSCN2770 are not pictures of a body taken during an autopsy and may not be withheld under section 552.101 on that basis. As no further exceptions to their disclosure are raised, photograph numbers DSCN2768 through DSCN2770 must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
