

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

June 3, 2010

Mr. W. Montgomery Meitler
Assistant Counsel
Texas Education Agency
1701 North Congress Avenue
Austin, Texas 78701-1494

OR2010-08033

Dear Mr. Meitler:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 381596 (TEA PIR No. 12896).

The Texas Education Agency (the "agency") received a request for information relating to the requestor's investigation file. You state that the agency has redacted student-identifying information pursuant to the Family Educational Rights and Privacy Act ("FERPA"), section 1232g of title 20 of the United States Code.¹ You claim the remaining requested information is privileged under rule 192.5 of the Texas Rules of Civil Procedure. We have considered your arguments and reviewed the submitted representative sample of information.²

¹The United States Department of Education Family Policy Compliance Office (the "DOE") has informed this office that FERPA does not permit state and local educational authorities to disclose to this office, without parental consent, unredacted, personally identifiable information contained in education records for the purpose of our review in the open records ruling process under the Act. The DOE has determined that FERPA determinations must be made by the educational authority in possession of the education records. We have posted a copy of the letter from the DOE to this office on the Attorney General's website: <http://www.oag.state.tx.us/open/20060725usdoe.pdf>.

²We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

You state the submitted information consists of a completed investigation, which is subject to section 552.022(a)(1) of the Government Code. This section provides for the required public disclosure of "a completed report, audit, evaluation, or investigation made of, for, or by a governmental body," unless the information is expressly confidential under other law or excepted from disclosure under section 552.108 of the Government Code. Gov't Code § 552.022(a)(1). The Texas Supreme Court has held that "[t]he Texas Rules of Civil Procedure and Texas Rules of Evidence are 'other law' within the meaning of section 552.022." *In re City of Georgetown*, S.W.3d 328, 336 (Tex. 2001). Therefore, we will consider your argument under rule 192.5 for the submitted information.

We note the submitted information contains the requestor's fingerprints. Chapter 560 of the Government Code provides that a governmental body may not release fingerprint information except in certain limited circumstances. *See* Gov't Code §§ 560.001 (defining "biometric identifier" to include fingerprints), .002 (prescribing manner in which biometric identifiers must be maintained and circumstances in which they can be released), .003 (biometric identifiers in possession of governmental body exempt from disclosure under the Act). The submitted fingerprints are confidential under section 560.003; however, the requestor has a special right of access to his fingerprint information. *See id.* § 560.002(1)(A) (governmental body may not sell, lease, or otherwise disclose individual's biometric identifier to another person unless the individual consents to disclosure). Therefore, the agency must release this information, which we have marked, pursuant to section 560.002 of the Government Code. *See* Open Records Decision Nos. 613 at 4 (1993) (exceptions in Act cannot impinge on statutory right of access to information), 451 (specific statutory right of access provisions overcome general exceptions to disclosure under the Act).

We now address your argument for the remaining information. Rule 192.5 of the Texas Rules of Civil Procedure encompasses the attorney work product privilege. For purposes of section 552.022 of the Government Code, information is confidential under rule 192.5 only to the extent the information implicates the core work product aspect of the work product privilege. *See* Open Records Decision No. 677 at 9-10 (2002). Rule 192.5 defines core work product as the work product of an attorney or an attorney's representative, developed in anticipation of litigation or for trial, that contains the mental impressions, opinions, conclusions, or legal theories of the attorney or the attorney's representative. *See* TEX. R. CIV. P. 192.5(a), (b)(1). Accordingly, in order to withhold attorney core work product from disclosure under rule 192.5, a governmental body must demonstrate that the material was (1) created for trial or in anticipation of litigation and (2) consists of the mental impressions, opinions, conclusions, or legal theories of an attorney or an attorney's representative. *Id.*

The first prong of the work product test, which requires a governmental body to show that the information at issue was created in anticipation of litigation, has two parts. A governmental body must demonstrate that (1) a reasonable person would have concluded from the totality of the circumstances surrounding the investigation that there was a

substantial chance that litigation would ensue, and (2) the party resisting discovery believed in good faith that there was a substantial chance that litigation would ensue and conducted the investigation for the purpose of preparing for such litigation. See *Nat'l Tank v. Brotherton*, 851 S.W.2d 193, 207 (Tex. 1993). A "substantial chance" of litigation does not mean a statistical probability, but rather "that litigation is more than merely an abstract possibility or unwarranted fear." *Id.* at 204. The second part of the work product test requires the governmental body to show that the materials at issue contain the mental impressions, opinions, conclusions, or legal theories of an attorney's or an attorney's representative. See TEX. R. CIV. P. 192.5(b)(1). A document containing core work product information that meets both parts of the work product test is confidential under rule 192.5, provided that the information does not fall within the scope of the exceptions to the privilege enumerated in rule 192.5(c). See *Pittsburgh Corning Corp. v. Caldwell*, 861 S.W.2d 423, 427 (Tex. App.—Houston [14th Dist.] 1993, no writ).

Furthermore, if a requestor seeks a governmental body's entire litigation file and the governmental body seeks to withhold the entire file, the governmental body may assert that the file is excepted from disclosure in its entirety because such a request implicates the core work product aspect of the privilege. See ORD 677 at 5-6. Thus, in such a situation, if the governmental body demonstrates that the file was created in anticipation of litigation, this office will presume that the entire file is within the scope of the privilege. See Open Records Decision No. 647 at 5 (1996) (citing *Nat'l Union Fire Ins. Co. v. Valdez*, 863 S.W.2d 458, 461 (Tex. 1993)) (organization of attorney's litigation file necessarily reflects attorney's thought processes); see also *Curry v. Walker*, 873 S.W.2d 379, 380 (Tex. 1994) (holding that "the decision as to what to include in [the file] necessarily reveals the attorney's thought processes concerning the prosecution or defense of the case").

You inform us the agency regulates and oversees all aspects of the certification, continuing education, and enforcement of standards of conduct for certified educators in Texas public schools under the authority of chapter 21 of the Education Code. See Educ. Code §§ 21.031(a), 041. You further explain the agency litigates enforcement proceedings under the Administrative Procedure Act (the "APA"), chapter 2001 of the Government Code, and rules adopted by the agency under subchapter B of chapter 21 of the Education Code. See *id.* § 21.041(b)(7); 19 T.A.C. § 249.3 *et seq.* You represent to this office that the requested information encompasses the agency's entire litigation file with regard to its investigation of the educator at issue. You explain the file was created by attorneys, staff, and other representatives of the agency in anticipation of litigation. Cf. Open Records Decision No. 588 (1991) (contested case under APA constitutes litigation for purposes of statutory predecessor to section 552.103). Based on your representations, we conclude the agency may withhold the remaining information as attorney core work product under rule 192.5 of the Texas Rules of Civil Procedure.

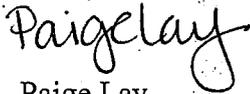

In summary, the agency must release the requestor's fingerprints, which we have marked, pursuant to section 560.002 of the Government Code. The agency may withhold the

remaining information as attorney core work product under rule 192.5 of the Texas Rules of Civil Procedure.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
