

ATTORNEY GENERAL OF TEXAS  
GREG ABBOTT

June 7, 2010

Mr. Michael J. Cosentino  
City Attorney  
City of San Marcos  
630 East Hopkins  
San Marcos, Texas 78666

OR2010-08207

Dear Mr. Cosentino:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 382110.

The City of San Marcos (the "city") received a request for an agreement between the city and the Lower Colorado River Authority. You claim that the submitted information is excepted from disclosure under section 552.133 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.133 of the Government Code excepts from disclosure a public power utility's information related to a competitive matter. Section 552.133(b) provides:

Information or records are excepted from [required public disclosure] if the information or records are reasonably related to a competitive matter, as defined in this section. Excepted information or records include the text of any resolution of the public power utility governing body determining which issues, activities, or matters constitute competitive matters. Information or records of a municipally owned utility that are reasonably related to a competitive matter are not subject to disclosure under this chapter, whether or not, under the Utilities Code, the municipally owned utility has adopted customer choice or serves in a multiply certificated service area. This section does not limit the right of a public power utility governing body to withhold from disclosure information deemed to be within the scope of any other exception provided for in this chapter, subject to the provisions of this chapter.

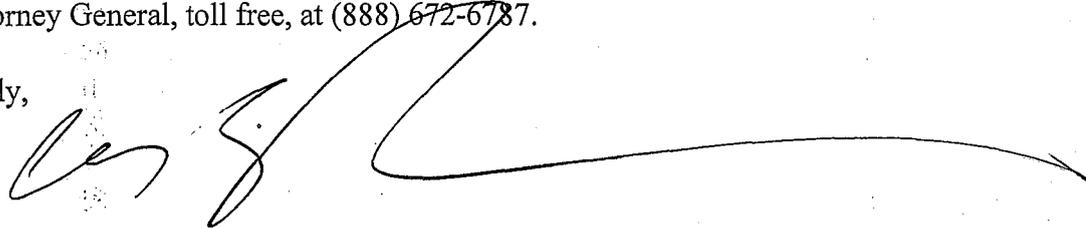

Gov't Code § 552.133(b). A "competitive matter" is defined as a matter the public power utility governing body in good faith determines by vote to be related to the public power utility's competitive activity, and the release of which would give an advantage to competitors or prospective competitors. *See id.* § 552.133(a)(3). However, section 552.133(a)(3) lists thirteen categories of information that may not be deemed competitive matters. *See id.* The attorney general may conclude that section 552.133 is inapplicable to the requested information only if, based on the information provided, the attorney general determines that the public power utility governing body has not acted in good faith in determining that the issue, matter, or activity is a competitive matter or that the information requested is not reasonably related to a competitive matter. *See id.* § 552.133(c).

We understand the San Marcos Electric Utility is a municipally-owned public power utility for purposes of section 552.133. You inform us the city council, as governing body of the city's public power utility, passed a resolution by vote pursuant to section 552.133 in which the city council delineated a list of competitive matters. You assert the submitted information comes within the scope of specified provisions within the resolution. Upon review, we find the submitted information is not clearly among the types of information that section 552.133(a)(3) expressly excludes from the definition of competitive matter. Furthermore, we have no evidence the city failed to act in good faith in adopting its resolution under section 552.133. Therefore, based on the city's representations and its resolution, we conclude the submitted information is excepted from disclosure under section 552.133.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
