

ATTORNEY GENERAL OF TEXAS  
GREG ABBOTT

August 25, 2010

Mr. Gary A. Scott  
Assistant City Attorney  
City of Conroe  
P.O. Box 3066  
Conroe, Texas 77305

OR2010-12950

Dear Mr. Scott:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID#391840.

The Conroe Police Department (the "department") received a request for specified 9-1-1 call transcripts of a call made by the requestor on April 12, 2010. You state you will release some of the responsive information to the requestor. You claim that the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, such as section 773.091 of the Health and Safety Code, which provides in part:

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(b), (g). Upon review, we find that the submitted audio recording constitutes a record of the identity, evaluation, or treatment of a patient by emergency medical services personnel, which you state was created by an emergency medical services provider, and is thus confidential under section 773.091. We note that records that are confidential under section 773.091 may be disclosed to “any person who bears a written consent of the patient or other persons authorized to act on the patient’s behalf for the release of confidential information.” *Id.* §§ 773.092(e)(4), .093. Section 773.093 provides that a consent for release of EMS records must specify (1) the information or records to be covered by the release; (2) the reasons or purpose for the release; and (3) the person to whom the information is to be released. You state that the department has not received adequate consent for release of this information. Therefore, the department must withhold the submitted audio recording under section 552.101 of the Government Code in conjunction with section 773.091 of the Health and Safety Code, except as specified by section 773.091(g). However, the department must release the submitted audio recording on receipt of proper consent under section 773.093. *See id.* §§ 773.092, .093.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
