

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

September 15, 2010

Mr. Mark G. Mann
Assistant City Attorney
City of Garland
P.O. Box 4690002
Garland, Texas 75046-9002

OR2010-14000

Dear Mr. Mann:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 393570 (GCA 10-0522).

The City of Garland (the "city") received a request for the salary, including base salary and any incentive pay, for the Managing Director of the city's Electric Utility (the "utility"). You claim that the requested information is excepted from disclosure under section 552.133 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.133 of the Government Code excepts from disclosure a public power utility's information related to a competitive matter. Section 552.133 (b) provides:

Information or records are excepted from the requirements of Section 552.021 if the information or records are reasonably related to a competitive matter, as defined in this section. Excepted information or records include the text of any resolution of the public power utility governing body determining which issues, activities, or matters constitute competitive matters. Information or records of a municipally owned utility that are reasonably related to a competitive matter are not subject to disclosure under this chapter, whether or not, under the Utilities Code, the municipally owned utility has adopted customer choice or serves in a multiply certificated service area. This section does not limit the right of a public power utility governing body to withhold from disclosure information deemed to be within the scope of any other exception provided for in this chapter, subject to the provisions of this chapter.

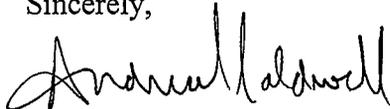

Gov't Code § 552.133(b). Section 552.133(a)(3) defines a "competitive matter" as a matter the public power utility governing body in good faith determines by vote to be related to the public power utility's competitive activity, and the release of which would give an advantage to competitors or prospective competitors. *See id.* § 552.133(a)(3). However, section 552.133(a)(3) also provides thirteen categories of information that may not be deemed competitive matters. The attorney general may conclude that section 552.133 is inapplicable to the requested information only if, based on the information provided, the attorney general determines the public power utility governing body has not acted in good faith in determining that the issue, matter, or activity is a competitive matter or that the information requested is not reasonably related to a competitive matter. *Id.* § 552.133(c).

You inform us that the city is a home-rule municipality that owns and operates its own electric utility, and the city council is the utility's governing body for purposes of section 552.133. You further explain, and provide documentation showing, that on July 20, 2004, the city council, as governing body of the utility, approved Resolution No. 9160, in which the city council defined business operations information, including personnel staffing levels and compensation, to be within the scope of the term "competitive matter" for purposes of section 552.133. The information you have marked is not among the thirteen categories of information that section 552.133(a)(3) expressly excludes from the definition of competitive matter. Furthermore, we have no evidence that the city failed to act in good faith. *See id.* § 552.133(c). Thus, we determine that the information you have marked relates to a competitive matter in accordance with the city council's resolution and is excepted from disclosure pursuant to section 552.133 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
