Dear Ms. Alexander:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 399924.

The Texas Department of Transportation (the "department") received a request for the application package of the selected candidate and the requestor. You state you are releasing some information to the requestor. You claim that the submitted information is excepted from disclosure under section 552.122 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>1</sup>

Section 552.122 of the Government Code excepts from required public disclosure "a test item developed by a . . . governmental body[.]" Gov't Code § 552.122(b). In Open Records Decision No. 626 (1994), this office determined the term "test item" in section 552.122 includes "any standard means by which an individual's or group's knowledge or ability in a particular area is evaluated," but does not encompass evaluations of an employee's overall job performance or suitability. Open Records Decision No. 626 at 6 (1994). The question

<sup>1</sup>We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

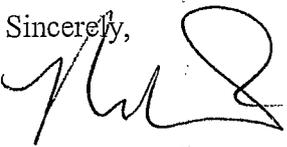

of whether specific information falls within the scope of section 552.122(b) must be determined on a case-by-case basis. *Id.* Traditionally, this office has applied section 552.122 where release of "test items" might compromise the effectiveness of future examinations. *Id.* at 4-5; *see also* Open Records Decision No. 118 (1976). Section 552.122 also protects the answers to test questions when the answers might reveal the questions themselves. *See* Attorney General Opinion JM-640 at 3 (1987); ORD 626 at 8.

You seek to withhold the submitted interview questions, as well as the answers to those questions, under section 552.122. Having considered your arguments and reviewed the information at issue, we conclude that interview question number three qualifies as a test item for the purposes of section 552.122(b). We also conclude that the release of the preferred and actual answers to that question would tend to reveal the question itself. Accordingly, we conclude that the department may withhold interview question number three, along with the preferred and actual answers to that question, under section 552.122 of the Government Code. We find, however, that the remaining interview questions are general questions evaluating an applicant's general workplace skills and overall suitability for employment, and do not test any specific knowledge of an applicant. Accordingly, we determine that the remaining interview questions are not test items under section 552.122(b) and therefore may not be withheld on this basis. As you have not claimed any other exceptions to disclosure, this information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
