Dear Mr. Moore:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 404764 (TAMU Request No. 10-533).

Texas A&M University (the "university") received a request for report number 10-03448 related to a specified motor vehicle accident. You claim that some of the requested information is excepted from disclosure under section 552.130 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

You state you have redacted information that you claim is subject to section 552.130 of the Government Code pursuant to Open Records Decision No. 684 (2009). Section 552.130 of the Government Code provides that information relating to a motor vehicle operator's license, driver's license, motor vehicle title, or registration issued by a Texas agency is excepted from public release. Gov't Code § 552.130(a)(1), (2). Open Records Decision No. 684 authorizes the withholding of ten categories of information, including Texas driver's license and license plate numbers under section 552.130 of the Government Code, without the necessity of requesting an attorney general decision. We note that section 552.130 protects personal privacy. In this instance, the requestor is the authorized representative of the insurer of one of the individuals whose privacy interests are implicated. Thus, the requestor has a right of access to it's insured's Texas motor vehicle information, and the university may not withhold that information under section 552.130. *See id.* § 552.023(a) (person or person's authorized representative has special right of access, beyond right of general public, to information held by governmental body that relates to person and is

protected from public disclosure by laws intended to protect person's privacy interests). Accordingly, we agree that, with the exception of the requestor's insured's motor vehicle information, the university may withhold the Texas driver's license and license plate numbers you have redacted pursuant to Open Records Decision No. 684.

You acknowledge that vehicle identification numbers are not subject to Open Records Decision No. 684. We note that the requestor also has a right to its insured's vehicle identification number, which we have marked for release. The other vehicle identification number, which we have marked, must be withheld under section 552.130 of the Government Code.

In summary, with the exception of the requestor's insured's motor vehicle information, the university may withhold the Texas driver's license and license plate numbers it has redacted pursuant to Open Records Decision No. 684. In addition, the university must withhold the vehicle identification number we have marked under section 552.130 of the Government Code. The remaining information, including the vehicle identification number you marked, must be released.¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.oag.state.tx.us/open/index_orl.php, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act must be directed to the Cost Rules Administrator of the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Cindy Nettles
Assistant Attorney General
Open Records Division

CN/dls

¹We note that because the requestor has a special right of access to information that would otherwise be confidential in this instance, the university must again seek a decision from this office if it receives another request for the same information from another requestor. See Gov't Code § 552.023.
