Assistant Counsel

OR2010-17406

Dear Mr. Meitler:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 400254 (TEA PIR# 13820).

The Texas Education Agency (the "agency") received a request for incident reports and investigation findings regarding TAKS testing irregularities at three named school districts during a specified time period. You state the agency will provide some of the requested information to the requestor. You claim the remaining requested information is excepted from disclosure under section 552.116 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.116 of the Government Code provides:

- (a) An audit working paper of an audit of the state auditor or the auditor of a state agency, an institution of higher education as defined by Section 61.003, Education Code, a county, a municipality, a school district, or a joint board operating under Section 22.074, Transportation Code,

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and, therefore, does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

including any audit relating to the criminal history background check of a public school employee, is excepted from the requirements of Section 552.021. If information in an audit working paper is also maintained in another record, that other record is not excepted from the requirements of Section 552.021 by this section.

(b) In this section:

(1) "Audit" means an audit authorized or required by a statute of this state or the United States, the charter or an ordinance of a municipality, an order of the commissioners court of a county, a resolution or other action of a board of trustees of a school district, including an audit by the district relating to the criminal history background check of a public school employee, or a resolution or other action of a joint board described by Subsection (a) and includes an investigation.

(2) "Audit working paper" includes all information, documentary or otherwise, prepared or maintained in conducting an audit or preparing an audit report, including:

(A) intra-agency and interagency communications; and

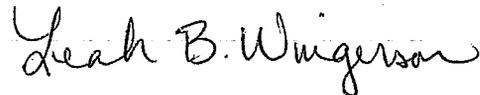

(B) drafts of the audit report or portions of those drafts.

Gov't Code § 552.116. You state the remaining requested information consists of "audit working papers prepared or maintained by [the agency's] Student Assessment Division Security Task Force in conducting investigations of testing irregularities in the administration of statewide assessment instruments." You inform us the investigations "are authorized by section 39.057(a)(8) of the Education Code, which permits the [c]ommissioner of [e]ducation to authorize special accreditation investigations to be conducted in response to an allegation regarding or an analysis using a statistical method result indicating a possible violation of an assessment instrument security procedure." *See* Educ. Code § 39.057 (listing circumstances in which the commissioner of education shall authorize investigations). Based on your representations and our review, we agree the investigation information at issue constitutes audit working papers under section 552.116. Thus, the agency may withhold the remaining requested investigation information pursuant to section 552.116 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
