

ATTORNEY GENERAL OF TEXAS  
GREG ABBOTT

January 3, 2011

Ms. Janet I. Monteros  
Assistant County Attorney  
El Paso County  
500 East San Antonio, Room 503  
El Paso, Texas 79901

OR2011-00056

Dear Ms. Monteros:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 409597 (CA-OP-10-469).

The El Paso Medical Examiner's Office (the "medical examiner") received a request for records relating to the investigation of the death of a named individual. You state that the medical examiner will release some of the requested information. You claim that the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, including section 11 of article 49.25 of the Code of Criminal Procedure, which provides as follows:

The medical examiner shall keep full and complete records properly indexed, giving the name if known of every person whose death is investigated, the place where the body was found, the date, the cause and manner of death, and shall issue a death certificate . . . . The records are subject to required public disclosure in accordance with Chapter 552, Government Code, except that a photograph or x-ray of a body taken during an autopsy is excepted from required public disclosure in accordance with Chapter 552, Government Code, but is subject to disclosure:

- (1) under a subpoena or authority of other law; or

(2) if the photograph or x-ray is of the body of a person who died while in the custody of law enforcement.

Crim. Proc. Code art. 49.25, § 11. You state the submitted information consists of photographs of the deceased taken during an autopsy. You state neither of the statutory exceptions to confidentiality is applicable in this instance. Based on your representation and our review, we find the medical examiner must withhold most of the submitted photographs under section 552.101 of the Government Code in conjunction with section 11 of article 49.25 of the Code of Criminal Procedure. However, we note photograph Autopsy-5-1, is not a photograph of a body taken during an autopsy. This remaining photograph is not confidential under article 49.25, and the medical examiner may not withhold it under section 552.101 on that basis. As no further exceptions to its disclosure are raised, photograph Autopsy-5-1 must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at [http://www.oag.state.tx.us/open/index\\_orl.php](http://www.oag.state.tx.us/open/index_orl.php), or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act must be directed to the Cost Rules Administrator of the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Paige Lay  
Assistant Attorney General  
Open Records Division
