

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

March 23, 2011

Mr. Ronald J. Bounds
Assistant City Attorney
City of Corpus Christi
P. O. Box 9277
Corpus Christ, Texas 78469-9277

OR2011-03946

Dear Mr. Bounds:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 411983.

The City of Corpus Christi (the "city") received a request for dates of services and an itemized statement of services and charges, including copies of bills and the total amount of charges incurred, related to the requestor's client and a specified injury date. You state the city will provide some of the requested information to the requestor. You claim that the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information made confidential by other statutes. Section 773.091 of the Health and Safety Code provides in part:

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex,

occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(b), (g). Except for the information specified in section 773.091(g), emergency medical services (“EMS”) records are deemed confidential under section 773.091 and may only be released in accordance with chapter 773 of the Health and Safety Code. *See id.* §§ 773.091-.094. You state the submitted fire department itemized bill is maintained by the city’s fire department and reflects the treatment of a patient by EMS personnel. Based on your representation and our review, we agree the submitted bill constitutes an EMS record that is subject to chapter 773 of the Health and Safety Code. As you acknowledge, however, records that are confidential under section 773.091 may be disclosed to “any person who bears a written consent of the patient or other persons authorized to act on the patient’s behalf for the release of confidential information.” *Id.* §§ 773.092(e)(4), .093. Section 773.093 provides that a consent for release of EMS records must specify: (1) the information or records to be covered by the release; (2) the reasons or purpose for the release; and (3) the person to whom the information is to be released. In this instance, you state the requestor “has not . . . submitted adequate written consent of the patient or another person authorized to act on the patient’s behalf.” Thus, with the exception of the information found in section 773.091(g) that must be released, the submitted EMS record may only be released if the city receives proper written consent in accordance with chapter 773 of the Health and Safety Code. *See id.* §§ 773.091-.093.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
