Dear Ms. Dang:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 413306.

The Corpus Christi Police Department (the "department") received a request for information related to the death of a named individual. You claim the requested information is excepted from disclosure under sections 552.101 and 552.108 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, including section 773.091 of the Health and Safety Code, which provides, in part:

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services [{"EMS"}] personnel or by a physician providing medical supervision that are created by the [EMS] personnel or physician or maintained by an [EMS] provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex,

occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(b), (g). Except for the information specified in section 773.091(g), EMS records are deemed confidential and may be released only in accordance with chapter 773 of the Health & Safety Code. *See id.* §§ 773.091-.094. The submitted information contains records created by EMS personnel. Upon review, we find section 773.091 is applicable to the information we have marked. We note records that are confidential under section 773.091 may be disclosed to “any person who bears a written consent of the patient or other persons authorized to act on the patient’s behalf for the release of confidential information[.]” *Id.* §§ 773.092(e)(4), .093. Section 773.093 provides a consent for release of EMS records must be written and signed by the patient, authorized representative, or personal representative and must specify: (1) the information or records to be covered by the release; (2) the reasons or purpose for the release; and (3) the person to whom the information is to be released. *Id.* § 773.093(a). Although you claim the EMS records are excepted from disclosure under section 552.108 of the Government Code, a specific statutory right of access prevails over the Act’s general exceptions to disclosure. *See* Open Records Decision No. 451 at 4 (1986) (specific statutory right of access provisions overcome general exceptions to disclosure under statutory predecessor to Act). Thus, if the department receives proper consent, the marked EMS records must generally be released in their entirety in accordance with chapter 773 of the Health and Safety Code. If the department does not receive proper consent, then, with the exception of the information subject to section 773.091(g) of the Health and Safety Code, the marked EMS records must be withheld under section 552.101 of the Government Code in conjunction with section 773.091(b) of the Health and Safety Code.

Section 552.108(a)(2) of the Government Code excepts from disclosure information concerning an investigation that did not result in conviction or deferred adjudication. *See* Gov’t Code § 552.108(a)(2). A governmental body claiming section 552.108(a)(2) must demonstrate the information at issue relates to a criminal investigation that has concluded in a final result other than a conviction or deferred adjudication. *See id.* § 552.301(e)(1)(A) (governmental body must provide comments explaining why exceptions raised should apply to information requested). You state the remaining information relates to a closed criminal investigation that did not result in conviction or deferred adjudication. Based on your representation and our review, we agree section 552.108(a)(2) is applicable to the remaining information.

However, section 552.108 does not except from disclosure basic information about an arrested person, an arrest, or a crime. Gov’t Code § 552.108(c). Basic information refers to the information held to be public in *Houston Chronicle Publishing Co. v. City of Houston*, 531 S.W.2d 177 (Tex. App.—Houston [14th Dist.] 1975), *writ ref’d n.r.e.*, 536 S.W.2d 559 (Tex. 1976). *See* Open Records Decision No. 127 (1976) (summarizing types of information considered to be basic information). Thus, with the exception of the basic information, the department may withhold the remaining information under

section 552.108(a)(2), including the information subject to section 773.091(g), if the department does not receive proper consent.

In summary, if the department receives proper consent, the marked EMS records must be released in their entirety in accordance with chapter 773 of the Health and Safety Code. If the department does not receive proper consent, then, with the exception of the information subject to section 773.091(g) of the Health and Safety Code, the marked EMS records must be withheld under section 552.101 of the Government Code in conjunction with section 773.091(b) of the Health and Safety Code. With the exception of basic information, the remaining information may be withheld under section 552.108(a)(2) of the Government Code), including the information subject to section 773.091(g), if the department does not receive proper consent.
