

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

April 20, 2011

Ms. Sharon Alexander
Associate General Counsel
Texas Department of Transportation
125 East Eleventh Street
Austin, Texas 78701-2483

OR2011-05511

Dear Ms. Alexander:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 415294.

The Texas Department of Transportation (the "department") received a request for information relating to a specified construction project on Interstate Highway 35 ("IH 35"), including traffic control plans; video or photographs of the construction site, signage, warnings, and implementation of the plan; and records, video recordings, reports, and electronic data relating to the manner of traffic flow control in October 2010. You claim the submitted information is excepted from disclosure under 552.111 of the Government Code and protected by section 409 of title 23 of the United States Code. We have considered your arguments and reviewed the submitted representative sample of information.¹

Section 552.111 excepts from disclosure "an interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency." Gov't Code § 552.111. Section 552.111 encompasses information protected by civil discovery privileges. *See* Open Records Decision Nos. 647 at 3 (1996), 251 at 2-4 (1980). You

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

contend the submitted information is excepted from disclosure under section 552.111 because it would be privileged from discovery under section 409 of title 23 of the United States Code. Section 409 provides:

Notwithstanding any other provision of law, reports, surveys, schedules, lists, or data compiled or collected for the purpose of identifying, evaluating, or planning the safety enhancement of potential accident sites, hazardous roadway conditions, or railway-highway crossings, pursuant to sections 130, 144, and 148 of this title or for the purpose of developing any highway safety construction improvement project which may be implemented utilizing Federal-aid highway funds shall not be subject to discovery or admitted into evidence in a Federal or State court proceeding or considered for other purposes in any action for damages arising from any occurrence at a location mentioned or addressed in such reports, surveys, schedules, lists, or data.

23 U.S.C. § 409. Federal courts have stated section 409 excludes from evidence data compiled for purposes of highway and railroad crossing safety enhancement and construction for which a state receives federal funding, in order to facilitate candor in administrative evaluations of highway safety hazards and to prevent federally required record-keeping from being used for purposes of private litigation. *See Harrison v. Burlington N. R.R.*, 965 F.2d 155, 160 (7th Cir. 1992); *Robertson v. Union Pac. R.R.*, 954 F.2d 1433, 1435 (8th Cir. 1992); *see also Pierce County v. Guillen*, 123 S.Ct. 720 (2003) (upholding constitutionality of 23 U.S.C. § 409, relied on by county in denying request under state's Public Disclosure Act).

You state "IH 35 is part of the National Highway System under 23 U.S.C. § 103 and is therefore a federal-aid highway within the meaning of 23 U.S.C. § 409." You state the submitted information was created for highway safety purposes.² You contend the submitted information would be privileged from discovery in civil litigation under section 409, and is, therefore, excepted from disclosure under section 552.111 of the Government Code. Based on your representations and our review, we conclude the department may withhold the submitted information under section 552.111 of the Government Code.

²You inform us that the submitted information includes communications with an entity under contract with the department. We note that section 552.111 can encompass a governmental body's communications with other public and private entities. *See Open Records Decision Nos. 631 at 2 (1995) (Gov't Code § 552.111 encompasses information created for governmental body by outside consultant acting at governmental body's request and performing task that is within governmental body's authority), 563 at 5-6 (1990) (private entity engaged in joint project with governmental body may be regarded as its consultant), 561 at 9 (1990) (statutory predecessor to Gov't Code § 552.111 encompassed communications with party with which governmental body has privity of interest or common deliberative process).*

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.oag.state.tx.us/open/index_orl.php, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act must be directed to the Cost Rules Administrator of the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Tamara Wilcox
Assistant Attorney General
Open Records Division
