Dear Ms. Chatterjee:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 416612 (OGC # 135450).

The University of Texas Medical Branch at Galveston (the "university") received a request for records pertaining to the requestor's medical school candidacy. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.111 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information other statutes make confidential. Section 161.032 of the Health and Safety Code provides in part:

(a) The records and proceedings of a medical committee are confidential and are not subject to court subpoena.

...

(c) Records, information, or reports of a medical committee . . . and records, information, or reports provided by a medical committee . . . to the governing

body of a public hospital . . . are not subject to disclosure under Chapter 552, Government Code.

...

(f) This section and Subchapter A, Chapter 160, Occupations Code, do not apply to records made or maintained in the regular course of business by a hospital, health maintenance organization, medical organization, university medical center or health science center, hospital district, hospital authority, or extended care facility.

Health & Safety Code § 161.032(a), (c), (f). Section 161.031(a) defines a “medical committee” as “any committee . . . of (3) a university medical school or health science center[.]” *Id.* § 161.031(a)(3). Section 161.0315 provides in relevant part that “[t]he governing body of a hospital [or] university medical school or health science center . . . may form. . . a medical committee, as defined by Section 161.031, to evaluate medical and health care services[.]” *Id.* § 161.0315(a).

The precise scope of the “medical committee” provision has been the subject of a number of judicial decisions. *See, e.g., Memorial Hosp.—The Woodlands v. McCown*, 927 S.W.2d 1 (Tex. 1996); *Barnes v. Whittington*, 751 S.W.2d 493 (Tex. 1988); *Jordan v. Fourth Supreme Judicial Dist.*, 701 S.W.2d 644 (Tex. 1986). These cases establish that “documents generated by the committee in order to conduct open and thorough review” are confidential. This protection extends “to documents that have been prepared by or at the direction of the committee for committee purposes.” *Jordan*, 701 S.W.2d at 647-48. Protection does not extend to documents “gratuitously submitted to a committee” or “created without committee impetus and purpose.” *Id.* at 648; *see also* Open Records Decision No. 591 (1991) (construing, among other statutes, statutory predecessor to section 161.032). We note section 161.032 does not make confidential “records made or maintained in the regular course of business by a . . . university medical center or health science center[.]” Health & Safety Code § 161.032(f); *see McCown*, 927 S.W.2d at 10 (stating that reference to statutory predecessor to Occ. Code § 160.007 in Health and Safety Code § 161.032 is clear signal that records should be accorded same treatment under both statutes in determining if they were made in ordinary course of business). The phrase “records made or maintained in the regular course of business” has been construed to mean records that are neither created nor obtained in connection with a medical committee’s deliberative proceedings. *See McCown*, 927 S.W.2d at 9-10 (discussing *Barnes*, 751 S.W.2d 493, and *Jordan*, 701 S.W.2d 644).

You state the submitted information was specifically created for or obtained by the university’s admissions committee (the “committee”). You inform us the committee is composed of faculty at the university who are charged with reviewing applications for admission to the university. You further inform us the committee is responsible for upholding the university’s mission of educating future physicians and preparing graduates

for providing primary patient services. Based on your representations, we agree the committee is a "medical committee" under section 161.031 of the Health and Safety Code. Accordingly, the submitted information is confidential under section 161.032 of the Health and Safety Code and must be withheld under section 552.101 of the Government Code.<sup>1</sup>
