Dear Ms. Monteros:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 422683.

The El Paso County Medical Examiner's Office (the "medical examiner") received a request for records of the medical examiner's findings regarding the death of a named individual. You state the medical examiner has released some information to the requestor. You claim the submitted photographs are excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, such as section 11 of article 49.25 of the Code of Criminal Procedure, which provides as follows:

The medical examiner shall keep full and complete records properly indexed, giving the name if known of every person whose death is investigated, the place where the body was found, the date, the cause and manner of death, and shall issue a death certificate. . . . The records are subject to required public disclosure in accordance with [the Act], except that a photograph or x-ray of

a body taken during an autopsy is excepted from required public disclosure in accordance with [the Act], but is subject to disclosure:

- (1) under a subpoena or authority of other law; or
- (2) if the photograph or x-ray is of the body of a person who died while in the custody of law enforcement.

Crim. Proc. Code art. 49.25, § 11. We understand the submitted photographs of the decedent's body were taken during an autopsy. Upon review, we agree the submitted photographs constitute autopsy photographs. You state neither of the statutory exceptions to confidentiality is applicable in this instance. Accordingly, we find the medical examiner must withhold the submitted photographs under section 552.101 of the Government Code in conjunction with section 11 of article 49.25 of the Code of Criminal Procedure.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
