OR2011-08481

Dear Ms. Shankle:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 420690 (PIR # 242).

The City of Burleson (the "city") received a request for water records pertaining to a specified address for specified periods of time. You claim some of the requested information is exempted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code exempts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Section 182.052 of the Utilities Code provides in relevant part the following:

(a) Except as provided by Section 182.054, a government-operated utility may not disclose personal information in a customer's account record, or any information relating to the volume or units of utility usage or the amounts billed to or collected from the individual for utility usage, if the customer requests that the government-operated utility keep the information confidential. However, a government-operated utility may disclose information related to the customer's volume or units of utility usage or amounts billed to or collected from the individual for utility usage if the primary source of water for such utility was a sole-source designated aquifer.

(b) A customer may request confidentiality by delivering to the government-operated utility an appropriately marked form provided under Subsection (c)(3) or any other written request for confidentiality.

Util. Code § 182.052(a)-(b). "Personal information" under section 182.052(a) means an individual's address, telephone number, or social security number, but does not include the individual's name. *See id.* § 182.051(4); *see also* Open Records Decision No. 625 (1994) (construing statutory predecessor). Water service is included in the scope of utility services covered by section 182.052. *Id.* § 182.051(3). Section 182.054 of the Utilities Code provides six exceptions to the disclosure prohibition found in section 182.052. *See id.* § 182.054.

In this instance, there is no indication that any of the exceptions listed in section 182.054 are applicable. We understand that the primary source of water for the city's utility services is not a sole-source designated aquifer. You do not inform us whether the individual whose information is at issue timely requested confidentiality under section 182.052. Accordingly, to the extent that the customer at issue made a written request for confidentiality prior to the city's receipt of this request for information, we find, except for the customer's name, the city must withhold the information you have marked under section 552.101 in conjunction with section 182.052. *See* ORD 625 at 7 (character of requested information as public or not public must be determined at time request for information is made). To the extent that the individual whose information is at issue did not make a written confidentiality request prior to the city's receipt of this request, the city must release the information you have marked. As you raise no further exceptions, the city must release the remaining submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,
