Ms. Heather Stebbins  
Assistant City Attorney  
City of Kerrville  
800 Junction Highway  
Kerrville, Texas 78028-2215

OR2011-11449

Dear Ms. Stebbins:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 430975.

The City of Kerrville (the "city") received a request for a specified report pertaining to an aggravated assault of a police officer. We understand you have released most of the requested information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Access to medical records is governed by the Medical Practice Act (the "MPA"), Occ. Code §§ 151.001-165.160. Section 159.002 of the MPA provides in part:

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the

information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

*Id.* § 159.002(b), (c). Information subject to the MPA includes both medical records and information obtained from those medical records. *See id.* §§ 159.002, .004; Open Records Decision No. 598 (1991). This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See* Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982). We have also found when a file is created as the result of a hospital stay, all the documents in the file relating to diagnosis and treatment constitute physician-patient communications or “[r]ecords of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician.” Open Records Decision No. 546 (1990). Medical records must be released upon the patient’s signed, written consent, provided that the consent specifies (1) the information to be covered by the release, (2) reasons or purposes for the release, and (3) the person to whom the information is to be released. *See* Occ. Code §§ 159.004, .005. Any subsequent release of medical records must be consistent with the purposes for which the governmental body obtained the records. *See id.* § 159.002(c); Open Records Decision No. 565 at 7 (1990). You seek to withhold the submitted information, which consists of medical records of the police officer who was injured during the assault. Accordingly, we agree the submitted information may only be released in accordance with the MPA.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,

Ana Carolina Vieira
