Mr. Kent A. Brown
Assistant County Attorney
Nueces County

OR2011-12843

Dear Mr. Brown:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 428900.

The Nueces County Medical Examiner's Office (the "medical examiner") received a request for the file relating to a named individual. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses the Medical Practice Act (the "MPA"), subtitle B of title 3 of the Occupations Code. Section 159.002 of the MPA provides:

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

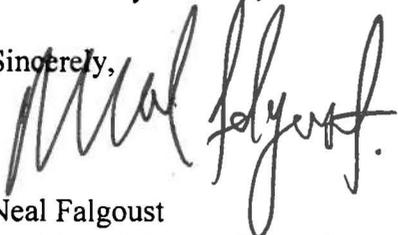

Occ. Code § 159.002(b)–(c). This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See* Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982). This office also has concluded that when a file is created as the result of a hospital stay, all of the documents in the file that relate to diagnosis and treatment constitute either physician-patient communications or records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician. *See* Open Records Decision No. 546 (1990). Medical records must be released upon receipt of the patient's signed, written consent, provided the consent specifies (1) the information to be covered by the release, (2) the reasons or purposes for the release, and (3) the person to whom the information is to be released. *See* Occ. Code §§ 159.004, .005. After the death of a patient, medical records may be released only on the signed written consent of the deceased individual's personal representative. *Id.* § 159.005(a)(5). Any subsequent release of medical records must be consistent with the purposes for which the governmental body obtained the records. *See id.* § 159.002(c); Open Records Decision No. 565 at 7 (1990).

Upon review, we find the submitted information consists of the named individual's medical records, which are subject to the MPA. You state the named individual is deceased. Thus, the submitted medical records must be withheld under section 552.101 of the Government Code in conjunction with the MPA, unless the medical examiner receives signed written consent that complies with the MPA for the release of these records.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
