Texas Department of Public Safety

OR2011-14727

Dear Ms. Cohen:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 434788 (DPS PIR# 11-1787, 11-1796).

The Texas Department of Public Safety (the "department") received two requests for information concerning a specified fatality collision. You claim the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim.

Initially, we must address the department's responsibilities under the Act. Section 552.301 of the Government Code prescribes the procedures a governmental body must follow in asking this office to decide whether requested information is excepted from public disclosure. Pursuant to section 552.301(e), a governmental body that receives a request for information it wishes to withhold under an exception to disclosure is required to submit to this office within fifteen business days of receiving the request (1) general written comments stating the reasons why the stated exceptions apply that would allow the information to be withheld, (2) a copy of the written request for information, (3) a signed statement or sufficient evidence showing the date the governmental body received the written request, and (4) a copy of the specific information requested or representative samples, labeled to indicate which exceptions apply to which parts of the documents. Gov't Code § 552.301(e). The department received the requests for information on July 25, 2011, and July 26, 2011. Thus, the department was required to submit the information required by section 552.301(e) by August 8, 2011, and August 9, 2011, respectively. As of the date of this letter, you have not

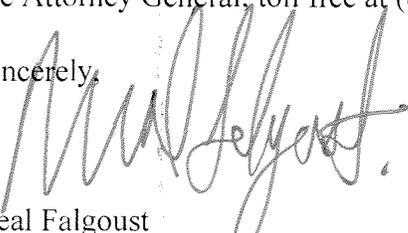

submitted a copy or representative sample of the specific information requested. Consequently, we find the department failed to comply with the requirements of section 552.301(e) of the Government Code.

Pursuant to section 552.302 of the Government Code, a governmental body's failure to comply with the procedural requirements of section 552.301 results in the legal presumption that the information is public and must be released, unless a governmental body demonstrates a compelling reason to withhold the information to overcome this presumption. *See Gov't Code* § 552.302; *Simmons v. Kuzmich*, 166 S.W.3d 342, 350 (Tex. App.—Fort Worth 2005, no pet.); *Hancock v. State Bd. of Ins.*, 797 S.W.2d 379, 381 (Tex. App.—Austin 1990, no writ) (governmental body must make compelling demonstration to overcome presumption of openness pursuant to statutory predecessor to section 552.302); Open Records Decision No. 630 (1994). Normally, a compelling reason exists when third-party interests are at stake or when information is confidential under other law. Open Records Decision No. 150 (1977). Section 552.108 of the Government Code is a discretionary exception to disclosure that protects a governmental body's interests and may be waived. *See Gov't Code* § 552.007; Open Records Decision Nos. 663 at 5 (1999) (untimely request for decision resulted in waiver of discretionary exceptions), 177 (1977) (statutory predecessor to section 552.108 subject to waiver). Thus, in failing to comply with section 552.301, we find the department has waived its claim under section 552.108. Accordingly, the department may not withhold any of the information at issue under section 552.108 of the Government Code. As you raise no other exceptions to disclosure, the requested information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
