Assistant City Attorney
City of Corpus Christi
P.O. Box 9277

OR2011-18267

Dear Mr. Bounds:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 438525.

The City of Corpus Christi (the "city") received a request for the EMT transport service report related to the requestor's client. You state the city is providing some of the requested information to the requestor. You claim portions of the submitted information are excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, such as section 773.091 of the Health and Safety Code, which provides in relevant part:

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(b), (g). Except for the information specified in section 773.091(g), emergency medical services (“EMS”) records are deemed confidential under section 773.091 and may only be released in accordance with chapter 773 of the Health and Safety Code. *See id.* §§ 773.091-.094. You state the submitted fire department patient care report consists of a record made and maintained by EMS personnel. Based on your representation and our review, we agree the submitted report constitutes an EMS record that is subject to chapter 773 of the Health and Safety Code. As you acknowledge, however, records that are confidential under section 773.091 may be disclosed to “any person who bears a written consent of the patient or other persons authorized to act on the patient’s behalf for the release of confidential information.” *Id.* §§ 773.092(e)(4), .093. Section 773.093 provides a consent for release of EMS records must specify (1) the information or records to be covered by the release; (2) the reasons or purpose for the release; and (3) the person to whom the information is to be released. *Id.* § 773.093(a)(1)-(3). We note that the requestor is the legal representative of the individual whose EMS record is at issue. You state, however, that the city has not received adequate consent for the release of this information. Therefore, the city must withhold the submitted EMS record under section 552.101 of the Government Code in conjunction with section 773.091 of the Health and Safety Code, except as specified by section 773.091(g). However, the city must release the information at issue on receipt of proper consent under section 773.093. *See id.* §§ 773.092, .093; *see also* Open Records Decision No. 613 at 4 (1993) (exceptions in Act cannot impinge on statutory right of access to information).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
