

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

February 7, 2012

Ms. Deborah F. Harrison
Assistant District Attorney
Collin County Courthouse
210 South McDonald, Suite 324
McKinney, Texas 75069

OR2012-01892

Dear Ms. Harrison:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 444602.

The Collin County District Attorney's Office (the "district attorney") received a request for records pertaining to a specified cause number. You claim that the requested information is excepted from disclosure under sections 552.101, 552.102, 552.103, 552.108, 552.111, 552.117, 552.130, and 552.136 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information other statutes make confidential. Medical records are confidential under the Medical Practice Act (the "MPA"), subtitle B of title 3 of the Occupations Code. Section 159.002 of the MPA provides in part:

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the

information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Occ. Code § 159.002(b)-(c). This office has determined that in governing access to a specific subset of information, the MPA prevails over the more general provisions of the Act. *See* Open Records Decision No. 598 (1991). We also have concluded that when a file is created as the result of a hospital stay, all of the documents in the file that relate to diagnosis and treatment constitute either physician-patient communications or records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician. *See* Open Records Decision No. 546 (1990). Medical records must be released on the patient's signed, written consent, provided the consent specifies (1) the information to be covered by the release, (2) reasons or purposes for the release, and (3) the person to whom the information is to be released. *See* Occ. Code §§ 159.004, .005. Any subsequent release of medical records must be consistent with the purposes for which the governmental body obtained the records. *See id.* § 159.002(c); Open Records Decision No. 565 at 7 (1990). We have marked medical records that must be withheld under section 159.002 of the MPA unless the district attorney receives the required written consent for release of the records under sections 159.004 and 159.005.

Section 552.111 of the Government Code exempts from disclosure "an interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency." Gov't Code § 552.111. This exception encompasses the attorney work product privilege found in rule 192.5 of the Texas Rules of Civil Procedure. *City of Garland v. Dallas Morning News*, 22 S.W.3d 351, 360 (Tex. 2000); Open Records Decision No. 677 at 4-8 (2002). Rule 192.5 defines work product as

- (1) material prepared or mental impressions developed in anticipation of litigation or for trial by or for a party or a party's representatives, including the party's attorneys, consultants, sureties, indemnitors, insurers, employees, or agents; or
- (2) a communication made in anticipation of litigation or for trial between a party and the party's representatives or among a party's representatives, including the party's attorneys, consultants, sureties, indemnitors, insurers, employees or agents.

TEX. R. CIV. P. 192.5. A governmental body seeking to withhold information under this exception bears the burden of demonstrating that the information was created or developed for trial or in anticipation of litigation by or for a party or a party's representative. *Id.*; ORD 677 at 6-8. In order for this office to conclude that the information was made or developed in anticipation of litigation, we must be satisfied that:

- a) a reasonable person would have concluded from the totality of the circumstances surrounding the investigation that there was a substantial

chance that litigation would ensue; and b) the party resisting discovery believed in good faith that there was a substantial chance that litigation would ensue and [created or obtained the information] for the purpose of preparing for such litigation.

Nat'l Tank Co. v. Brotherton, 851 S.W.2d 193, 207 (Tex. 1993). A “substantial chance” of litigation does not mean a statistical probability, but rather “that litigation is more than merely an abstract possibility or unwarranted fear.” *Id.* at 204; ORD 677 at 7.

The work product doctrine under section 552.111 of the Government Code is applicable to litigation files in criminal and civil litigation. *Curry v. Walker*, 873 S.W.2d 379, 381 (Tex. 1994); *see U.S. v. Nobles*, 422 U.S. 225, 236 (1975). In *Curry*, the Texas Supreme Court held that a request for a district attorney’s “entire file” was “too broad” and, citing *National Union Fire Insurance Co. v. Valdez*, 863 S.W.2d 458, 460 (Tex. 1993), held that “the decision as to what to include in [the file] necessarily reveals the attorney’s thought processes concerning the prosecution or defense of the case.”¹ *Id.* at 380. Accordingly, if a requestor seeks an attorney’s entire litigation file, and a governmental body demonstrates that the file was created in anticipation of litigation, we will presume that the entire file is excepted from disclosure under the attorney work product aspect of section 552.111. Open Records Decision No. 647 at 5 (1996); *see Nat'l Union*, 863 S.W.2d at 461 (organization of attorney’s litigation file necessarily reflects attorney’s thought processes).

You contend that the request for information encompasses the district attorney’s entire file concerning this case. Upon review, we determine that the district attorney may withhold the remaining information as attorney work-product under section 552.111 of the Government Code.²

In summary, the district attorney must withhold the marked medical records under section 159.002 of the MPA unless the district attorney receives the required consent for release under sections 159.004 and 159.005 of the MPA. The district attorney may withhold the remaining information under section 552.111 of the Government Code.

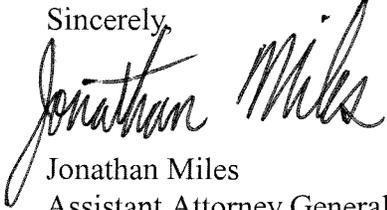

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

¹We note, however, that the court in *National Union* also concluded that a specific document is not automatically considered to be privileged simply because it is part of an attorney’s file. 863 S.W.2d at 461. The court held that an opposing party may request specific documents or categories of documents that are relevant to the case without implicating the attorney work product privilege. *Id.*; Open Records Decision No. 647 at 5 (1996).

²As our ruling is dispositive, we need not address your remaining arguments against disclosure.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
