Mr. John Ohnemiller

City of Midland  
P.O. Box 1152

OR2012-03072

Dear Mr. Ohnemiller:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 450749 (#01-121).

The Midland Police Department (the "department") received a request for information involving a specified address and a specific date. You state some of the requested information has been released. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the information you submitted.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information other statutes make confidential. Chapter 772 of the Health and Safety Code authorizes the development of local emergency communication districts. Sections 772.118, 772.218, and 772.318 of the Health and Safety Code are applicable to emergency 911 districts established in accordance with chapter 772. *See* Open Records Decision No. 649 (1996). These sections make the originating telephone numbers and addresses of 9-1-1 callers furnished by a service supplier confidential. *Id.* at 2. Section 772.118 applies to an emergency communication district for a county with a population of more than two million. Section 772.218 applies to an emergency communication district for a county with a population of more than 860,000. Section 772.318 applies to an emergency communication district for a county with a population of more than 20,000. We understand the City of Midland is part of an emergency communication district established under section 772.318 of the Health and Safety Code. We conclude the information related to a 9-1-1 call we have marked is confidential under

section 772.318 and must be withheld on that basis under section 552.101 of the Government Code.

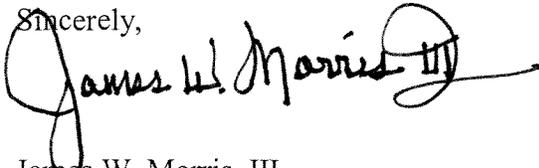

Section 552.101 of the Government Code also encompasses common-law privacy, which protects information that is highly intimate or embarrassing, such that its release would be highly objectionable to a person of ordinary sensibilities, and of no legitimate public interest. *See Indus. Found. v. Tex. Indus. Accident Bd.*, 540 S.W.2d 668, 685 (Tex. 1976). To demonstrate the applicability of common-law privacy, both elements of the test must be established. *Id.* at 681-82. Common-law privacy encompasses the specific types of information held to be intimate or embarrassing in *Industrial Foundation*. *See* 540 S.W.2d at 683 (information relating to sexual assault, pregnancy, mental or physical abuse in workplace, illegitimate children, psychiatric treatment of mental disorders, attempted suicide, and injuries to sexual organs). This office has determined other types of information also are private under section 552.101. *See generally* Open Records Decision No. 659 at 4-5 (1999) (summarizing information attorney general has held to be private). We conclude the information we have marked is highly intimate or embarrassing and not a matter of legitimate public interest and must be withheld under section 552.101 of the Government Code in conjunction with common-law privacy.

In summary, the department must withhold (1) the information we have marked under section 552.101 of the Government Code in conjunction with section 772.318 of the Health and Safety Code and (2) the information we have marked under section 552.101 in conjunction with common-law privacy. The rest of the submitted information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
