Dear Mr. Bounds:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 499702 (ORR# 63).

The City of Corpus Christi (the "city") received a request for a list of the city's top 100 residential, commercial, and industrial water users during a specified time period, including actual usage and rate charged. You claim some of the submitted information is exempted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code exempts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information that other statutes make confidential. You claim section 552.101 in conjunction with section 182.052 of the Utilities Code, which provides in part:

- (a) Except as provided by Section 182.054, a government-operated utility may not disclose personal information in a customer's account record, or any information relating to the volume or units of utility usage or the amounts billed to or collected from the individual for utility usage, if the customer requests that the government-operated utility keep the information confidential. However, a government-operated utility may disclose information related to the customer's volume or units of utility usage or amounts billed to or collected from the individual for utility usage if the primary source of water for such utility was a sole-source designated aquifer.

(b) A customer may request confidentiality by delivering to the government-operated utility an appropriately marked form provided under Subsection (c)(3) or any other written request for confidentiality.

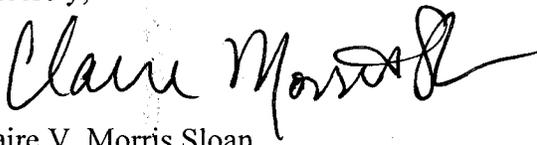

Util. Code § 182.052(a)-(b). “Personal information” under section 182.052(a) means an individual’s address, but does not include the individual’s name. *See id.* § 182.051(4); *see also* Open Records Decision No. 625 (1994) (construing statutory predecessor). Water service is included in the scope of utility services covered by section 182.052. *See* Util. Code § 182.051(3). Section 182.054 of the Utilities Code provides six exceptions to the disclosure prohibition found in section 182.052. *See id.* § 182.054.

You state portions of the submitted information consist of personal information and information related to utility usage of non-corporate, non-business customers who timely requested confidentiality under section 182.052.¹ You state none of the exceptions to confidentiality under section 182.054 apply in this instance. You also state the primary source of water for the city’s utility services is not a sole-source designated aquifer. Based on your representations and our review of the submitted information, we find the city must withhold the information we have marked under section 552.101 of the Government Code in conjunction with section 182.052 of the Utilities Code. The remaining information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
