Ms. Natasha Brooks
Assistant City Attorney

OR2012-09458

Dear Ms. Brooks:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 458455.

The Midland Police Department (the "department") received a request for a specified incident report. You state the department has disclosed some of the requested information, but claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." This section encompasses information protected by other statutes, including the Medical Practice Act (the "MPA"), subtitle B of title 3 of the Occupations Code. Section 159.002 of the MPA provides in part the following:

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in

Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Occ. Code § 159.002(b), (c). This office has concluded that, when a file is created as the result of a hospital stay, all the documents in the file that relate to diagnosis and treatment constitute either physician-patient communications or records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician. *See* Open Records Decision No. 546 (1990). Medical records must be released upon the patient's signed, written consent, provided the consent specifies (1) the information to be covered by the release, (2) reasons or purposes for the release, and (3) the person to whom the information is to be released. *Id.* §§ 159.004, 159.005. Section 159.002(c) also requires any subsequent release of medical records be consistent with the purposes for which the governmental body obtained the records. Open Records Decision No. 565 at 7 (1990). Medical records may be released only as provided under the MPA. Open Records Decision No. 598 (1991). We have marked the portion of the submitted information constituting medical records that the department may only release in accordance with the MPA. However, we find you have not established the remaining information consists of records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician. Thus, the remaining information is not confidential under the MPA, and the department may not withhold it from release on that ground.

Section 552.101 of the Government Code also encompasses chapter 411 of the Government Code, which pertains to criminal history record information ("CHRI") generated by the National Crime Information Center or by the Texas Crime Information Center. Title 28, part 20 of the Code of Federal Regulations governs the release of CHRI that states obtain from the federal government or other states. Open Records Decision No. 565 (1990). The federal regulations allow each state to follow its individual law with respect to CHRI it generates. *Id.* Section 411.083 of the Government Code deems confidential CHRI that the Department of Public Safety ("DPS") maintains, except that the DPS may disseminate this information as provided in chapter 411, subchapter F of the Government Code. *See* Gov't Code § 411.083.

Sections 411.083(b)(1) and 411.089(a) authorize a criminal justice agency to obtain CHRI, but a criminal justice agency may not release CHRI except to another criminal justice agency for a criminal justice purpose. *Id.* § 411.089(b)(1). Other entities specified in chapter 411 of the Government Code are entitled to obtain CHRI from DPS or another criminal justice agency; however, those entities may not release CHRI except as provided by chapter 411. *See generally id.* §§ 411.090-411.127. Thus, any CHRI generated by the federal government or another state may not be made available to the requestor except in accordance with federal regulations. *See* ORD 565. However, driving record information is not made confidential by the confidentiality provisions that govern CHRI. *See id.* § 411.082(2)(B) (definition of CHRI does not include driving record information). The department must withhold the

information we have marked under section 552.101 of the Government Code in conjunction with section 411.083 of the Government Code. However, the department has not established the remaining information consists of CHRI for purposes of chapter 411. Therefore, none of the remaining information is confidential under section 411.083, and the department may not withhold any of it under section 552.101 of the Government Code on that ground.

Some of the remaining information is excepted from disclosure under section 552.130 of the Government Code.¹ Section 552.130(a) provides the following:

Information is excepted from the requirements of Section 552.021 if the information relates to:

- (1) a motor vehicle operator's or driver's license or permit issued by an agency of this state or another state or country;
- (2) a motor vehicle title or registration issued by an agency of this state or another state or country; or
- (3) a personal identification document issued by an agency of this state or another state or country or a local agency authorized to issue an identification document.

Gov't Code § 552.130(a). The department must withhold the motor vehicle record information we have marked under section 552.130.

To conclude, the department may only release the medical records we have marked in accordance with the MPA. The department must withhold the information we have marked under section 552.101 of the Government Code in conjunction with section 411.083 of the Government Code and under section 552.130 of the Government Code. The department must release the remaining information.
