Dear Ms. Kretz:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 463331 (PIR No. W017894).

The City of Fort Worth (the "city") received a request for the names, addresses, and total gallons of water used by the top fifty residential and top twenty commercial water users in the last fiscal year. You state some of the requested information has been released. You claim portions of the submitted information are excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Section 182.052 of the Utilities Code provides in relevant part the following:

(a) Except as provided by Section 182.054, a government-operated utility may not disclose personal information in a customer's account record, or any information relating to the volume or units of utility usage or the amounts billed to or collected from the individual for utility usage, if the customer requests that the government-operated utility keep the information confidential. However, a government-operated utility may disclose information related to the customer's volume or units of utility usage or amounts billed to or collected from the individual for utility usage if the primary source of water for such utility was a sole-source designated aquifer.

(b) A customer may request confidentiality by delivering to the government-operated utility an appropriately marked form provided under Subsection (c)(3) or any other written request for confidentiality.

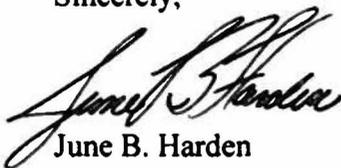

Util. Code § 182.052(a)-(b). "Personal information" under section 182.052(a) means an individual's address, telephone number, or social security number. *See id.* § 182.051(4); *see also* Open Records Decision No. 625 (1994) (construing statutory predecessor). Water service is included in the scope of utility services covered by section 182.052. Util. Code § 182.051(3).

You state the information marked in red is the usage address and the number of gallons used by those fifty residential customers who timely requested confidentiality under section 182.052. You do not indicate any of the exceptions to confidentiality under section 182.054 apply in this instance. We understand the primary source of water for the city's utility services is not a sole-source designated aquifer. Based on your representations and our review of the submitted information, we agree the city must withhold the information marked in red under section 552.101 of the Government Code in conjunction with section 182.052 of the Utilities Code. The remaining information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
