Dear Ms. Gambini:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 466390.

The Irving Police Department (the "department") received a request for information pertaining to pets at a specified address. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information made confidential by other statutes, such as section 826.0311 of the Health and Safety Code, which protects information in a pet registry. This section provides, in relevant part:

(a) Information that is contained in a municipal or county registry of dogs and cats under Section 826.031 that identifies or tends to identify the owner or an address, telephone number, or other personally identifying information of the owner of the registered dog or cat is confidential and not subject to disclosure under Chapter 552, Government Code. The information contained in the registry may not include the social security number or the driver's license number of the owner of the registered animal.

(b) The information may be disclosed only to a governmental entity or a person, that under a contract with a governmental entity, provides animal control services or animal registration services for the governmental entity for purposes related to the protection of public health and safety. A governmental entity or person that receives the information must maintain the confidentiality of the information, may not disclose the information under Chapter 552, Government Code, and may not use the information for a purpose that does not directly relate to the protection of public health and safety.

Health & Safety Code § 826.0311(a)-(b). Section 826.0311 only applies to the actual pet registry; it does not apply to the contents of other records, even though those documents may contain the same information as the pet registry. *See* Open Records Decision No. 658 at 4 (1998) (statutory confidentiality provision must be express, and confidentiality requirement will not be implied from statutory structure). You state that the City of Irving (the city) contracts with PetData, Inc. ("PetData") to carry out the city's pet registration and licensing functions. You further state the submitted document is referred to as an Animal License Receipt and consists of the record of registration created by PetData, which a city employee obtained directly through the PetData software. Based upon your representations and our review, we find that the submitted document consists of information contained in the city's pet registry. We find the information we have marked identifies or tends to identify the owner of a registered animal, and is therefore subject to section 826.0311. You indicate that the exception in section 826.0311(b) does not apply in this instance. Therefore, the department must withhold the marked information under section 552.101 in conjunction with section 826.0311(a) of the Health and Safety Code. However, we find the remaining information does not consist of personally identifying information of the owner of a registered animal, and it may not be withheld under section 552.101 on that basis.

Section 552.101 of the Government Code also encompasses section 826.0211 of the Health and Safety Code, which you raise for the remaining information. Section 826.0211 provides, in relevant part:

(a) Information contained in a rabies vaccination certificate or in any record compiled from the information contained in one or more certificates that identifies or tends to identify an owner or an address, telephone number, or other personally identifying information of an owner of a vaccinated animal is confidential and not subject to disclosure under Chapter 552, Government Code. The information contained in the certificate or record may not include the social security number or the driver's license number of the owner of the vaccinated animal.

Health and Safety Code § 826.0211(a). Section 826.0211 applies only to information contained in a rabies vaccination certificate or in a record compiled from information contained in one or more rabies vaccination certificates. Although you assert the remaining

information was compiled from rabies vaccination certificates, we find the remaining information does not consist of personally identifying information of an owner of a vaccinated animal. Therefore, the remaining information is not confidential under section 826.0211 of the Health and Safety Code and may not be withheld on that basis. As you raise no additional exceptions to disclosure for the remaining information, it must be released to the requestor.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
