Assistant County Attorney
Nueces County

OR2012-15736

Dear Mr. Brown:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 466930.

The Nueces County Medical Examiner's Office (the "medical examiner") received a request for information pertaining to a named individual. You state you have released some of the requested information. You claim that the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by statute, such as the Medical Practice Act ("MPA"), subtitle B of title 3 of the Occupations Code, which governs release of medical records. See Occ. Code §§ 151.001-165.160. Section 159.002 of the MPA provides, in relevant part:

(a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Id. § 159.002(a)-(c). This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. See Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982). Information subject to the MPA includes both medical records and information obtained from those medical records. See Occ. Code §§ 159.002, .004; Open Records Decision No. 598 (1991). We have further found when a file is created as a result of a hospital stay, all the documents in the file referring to diagnosis and treatment constitute physician-patient communications or “[r]ecords of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician.” Open Records Decision No. 546 (1990). Upon review, we find the submitted information constitutes records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that were created or are maintained by a physician and information obtained from a patient's medical records. Medical records must be released on receipt of signed, written consent, provided the consent specifies (1) the information to be covered by the release, (2) reasons or purposes for the release, and (3) the person to whom the information is to be released. See Occ. Code §§ 159.004, .005. The medical records of a deceased patient may only be released on the signed written consent of the decedent's personal representative. See *id.* § 159.005(a)(5). Any subsequent release of medical records must be consistent with the purposes for which the governmental body obtained the records. See *id.* § 159.002(c); Open Records Decision No. 565 at 7 (1990). In this instance, the requestor may be the personal representative of the deceased individual whose medical records are at issue. Thus, the submitted information must be withheld under section 552.101 of the Government Code in conjunction with the MPA, unless the medical examiner receives written consent from the deceased individual's personal representative for release of those records that complies with sections 159.004 and 159.005 of the MPA.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.oag.state.tx.us/open/index_orl.php.
