

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

November 28, 2012

Ms. Kelley Messer
Assistant City Attorney
City of Abilene
P.O. Box 60
Abilene, Texas 79604-0060

OR2012-19093

Dear Ms. Messer:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 472347.

The City of Abilene (the "city") received a request for the city police department's (the "department") standard operating procedures for investigating persons suspected of driving while intoxicated. You claim that the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.108(b)(1) of the Government Code excepts from disclosure "[a]n internal record or notation of a law enforcement agency or prosecutor that is maintained for internal use in matters relating to law enforcement or prosecution . . . if . . . release of the internal record or notation would interfere with law enforcement or prosecution[.]" Gov't Code § 552.108(b)(1); *see also* Open Records Decision No. 531 at 2 (1989) (quoting *Ex parte Pruitt*, 551 S.W.2d 706, 710 (Tex. 1977)). Section 552.108(b)(1) is intended to protect "information which, if released, would permit private citizens to anticipate weaknesses in a police department, avoid detection, jeopardize officer safety, and generally undermine police efforts to effectuate the laws of this State." *City of Fort Worth v. Cornyn*, 86 S.W.3d 320 (Tex. App.—Austin 2002, no writ). To demonstrate the applicability of this exception, a governmental body must meet its burden of explaining how and why release of the requested information would interfere with law enforcement and crime prevention. Open Records Decision No. 562 at 10 (1990). This office has concluded section 552.108(b) excepts from public disclosure information relating to the security or operation of a law enforcement agency. *See, e.g.*, Open Records Decision Nos. 531 (release of detailed use of force

guidelines would unduly interfere with law enforcement), 252 (1980) (section 552.108 designed to protect investigative techniques and procedures used in law enforcement), 143 (1976) (disclosure of specific operations or specialized equipment directly related to investigation or detection of crime may be excepted). Section 552.108(b)(1) is not applicable, however, to generally known policies and procedures. *See, e.g.*, ORDs 531 at 2-3 (Penal Code provisions, common law rules, and constitutional limitations on use of force not protected), 252 at 3 (governmental body failed to indicate why investigative procedures and techniques requested were any different from those commonly known).

You state the submitted information consists of internal records used by the department and “detail[s] the steps for confronting individuals believed to have been driving while intoxicated or driving under the influence.” You state that release of this information could “assist suspects in anticipating weaknesses in the procedural actions of police officers.” However, upon review of the submitted information, which consists of general policies and procedures related to the investigation of individuals suspected of driving while intoxicated or under the influence, we find you have failed to demonstrate how release of the submitted information would interfere with law enforcement and crime prevention. Consequently, the city may not withhold any of the submitted information under section 552.108(b)(1) of the Government Code. As you raise no further exceptions to disclosure, the submitted information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
