Dear Ms. Orman:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 473017.

The Dripping Springs Independent School District (the "district"), which you represent, received a request for a specified letter to a named district employee. You claim that the requested information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses section 21.355 of the Education Code, which provides in part that "[a] document evaluating the performance of a teacher or administrator is confidential." *See* Educ. Code § 21.355(a). This office has interpreted section 21.355 to apply to any document that evaluates, as that term is commonly understood, the performance of a teacher or an administrator. *See* Open Records Decision No. 643 (1996). We have determined that for purposes of section 21.355, the word "teacher" means a person who is required to and does in fact hold a teaching certificate under subchapter B of chapter 21 of the Education Code and who is engaged in the process of teaching, as that term is commonly defined, at the time of the evaluation. *See* ORD 643 at 4. Additionally, a court has concluded that a written reprimand constitutes an evaluation for purposes of section 21.355, as it "reflects the principal's judgment regarding [a teacher's] actions, gives corrective

direction, and provides for further review.” *North East Indep. Sch. Dist. v. Abbott*, 212 S.W.3d 364 (Tex. App.—Austin 2006, no pet.).

You assert the submitted information is confidential pursuant to section 21.355 of the Education Code. You state the teacher concerned held the appropriate teaching certificate and was teaching at the time of the creation of the information at issue. However, upon review, we find you have failed to demonstrate how the information at issue consists of information that evaluates the performance of a teacher as contemplated by section 21.355 of the Education Code. Accordingly, the district may not withhold the submitted information under section 552.101 of the Government Code in conjunction with section 21.355 of the Education Code.

We note some of the submitted information is subject to section 552.117 of the Government Code.¹ Section 552.117(a)(1) excepts from disclosure the home addresses and telephone numbers, emergency contact information, social security numbers, and family member information of current or former officials or employees of a governmental body who request that this information be kept confidential under section 552.024 of the Government Code. Gov’t Code § 552.117(a)(1). Whether a particular piece of information is protected by section 552.117(a)(1) must be determined at the time the request for it is made. *See* Open Records Decision No. 530 at 5 (1989). Therefore, the district may only withhold information under section 552.117(a)(1) on behalf of current or former officials or employees who made a request for confidentiality under section 552.024 prior to the date on which the request for this information was made. To the extent the employee timely elected to keep such information confidential under section 552.024, the district must withhold the information we have marked under section 552.117(a)(1) of the Government Code. If the employee did not make a timely election under section 552.024, the district may not withhold the information we have marked under section 552.117(a)(1) of the Government Code. As no other exceptions to disclosure have been raised, the district must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
