Dear Ms. Saucier:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 493004 (#PD ORR 2013-196).

The Georgetown Police Department (the "department") received a request for twenty categories of information related to event number 2013-022441. You state the department has released some of the requested information but claim the submitted information is excepted from disclosure under section 552.130 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.130(a) of the Government Code provides the following:

Information is excepted from the requirements of Section 552.021 if the information relates to:

- (1) a motor vehicle operator's or driver's license or permit issued by an agency of this state or another state or country;
- (2) a motor vehicle title or registration issued by an agency of this state or another state or country; or

(3) a personal identification document issued by an agency of this state or another state or country or a local agency authorized to issue an identification document.

Gov't Code § 552.130(a). The submitted video recording contains motor vehicle record information that is subject to section 552.130. You state the department does not have the technical capability to redact the information subject to section 552.130 in the submitted video recording. Based on this representation, we agree the department must withhold the submitted recording in its entirety under section 552.130 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
